McCauley, M.D., called as a</p> <p>9 witness, having been duly sworn, testified as follows:</p> <p>10 EXAMINATION</p> <p>11 BY MR. WEISBERG:</p> <p>12 Q. Good morning, Dr. McCauley.</p> <p>13 A. Good morning.</p> <p>14 Q. We've met briefly before, but for the record,</p> <p>15 my name is Larry Weisberg. I'm an attorney, and I</p> <p>16 represent Dr. Navin Barot in a lawsuit which has been</p> <p>17 filed against Susquehanna Health Medical Group and</p> <p>18 various related entities in the United States District</p> <p>19 Court in the Middle District of Pennsylvania. We've</p> <p>20 asked you here this morning for a deposition so we can</p> <p>21 ask you some questions about what you may or may not</p> <p>22 know about some of the underlying facts and</p> <p>23 circumstances that gave rise to Dr. Barot's claims.</p> <p>24 I believe you might have sat in on earlier</p> <p>25 depositions, and you may be familiar with these, but</p>
<p style="text-align: right;">3</p> <p style="text-align: center;">INDEX WITNESS</p> <p style="text-align: right;">Examination</p> <p>WILLIAM C. McCauley, M.D.</p> <p>By Mr. Weisberg 4</p>	<p style="text-align: right;">5</p> <p>1 just some very brief kind of housekeeping notes before</p> <p>2 we get started. As you know, you've been put under</p> <p>3 oath. You are required to tell the truth just as if you</p> <p>4 were in court and there was a judge or a jury present.</p> <p>5 Do you have any questions about your ability to tell the</p> <p>6 truth this morning?</p> <p>7 A. No, sir.</p> <p>8 Q. If you need a break at any time, let me know.</p> <p>9 Sometimes I tend to get going and lose track of time, so</p> <p>10 again if there's a question pending, I would ask that</p> <p>11 you respond to that question, and then we could take a</p> <p>12 break. But, otherwise, just let me know.</p> <p>13 Because we have a record being made, it's</p> <p>14 important a couple things. Number one, we should do our</p> <p>15 best not to talk over each other. I'll do my best to</p> <p>16 let you respond to my question before I move onto the</p> <p>17 next. I would ask that you do your best to allow me to</p> <p>18 finish asking a question before you respond just to keep</p> <p>19 the record clear.</p> <p>20 And, additionally, because we have a written</p> <p>21 record being made, it's important that we communicate</p> <p>22 verbally as opposed to things like uh-huh or huh-uh,</p> <p>23 shrugging shoulders, nodding heads, things like that.</p> <p>24 That will just allow the court reporter to provide us</p> <p>25 with a clean and clear record, okay?</p>

Exam./Weisberg - William C. McCauley, M.D.

<p style="text-align: right;">6</p> <p>1 A. (Witness nods head.)</p> <p>2 Q. Do you have any questions on any of those</p> <p>3 kind of housekeeping notes?</p> <p>4 A. No.</p> <p>5 Q. If you don't understand a question I ask,</p> <p>6 please let me know, and I'll do my best to restate it or</p> <p>7 rephrase it so that you do understand that. If I ask</p> <p>8 more than one question at the same time and you need</p> <p>9 something broken down, let me know as well. By that</p> <p>10 same token, if you do answer a question that I ask, I</p> <p>11 will assume that you understood the question and</p> <p>12 responded accordingly, okay?</p> <p>13 A. Yes.</p> <p>14 Q. So, Dr. McCauley, are you currently employed?</p> <p>15 A. I'm a per diem employee of Susquehanna</p> <p>16 Health.</p> <p>17 Q. And what is your role currently as a per diem</p> <p>18 employee?</p> <p>19 A. As a clinician, pulmonologist.</p> <p>20 Q. And how long have you been serving in that</p> <p>21 capacity?</p> <p>22 A. Since February 2015.</p> <p>23 Q. And at some point at least prior to that my</p> <p>24 understanding is that you were president of Susquehanna</p> <p>25 Health Medical Group. Is that correct?</p>	<p style="text-align: right;">8</p> <p>1 practice medicine?</p> <p>2 A. I was licensed initially in the state of</p> <p>3 Virginia after completing my boards after graduation, so</p> <p>4 that would have been I think 1971. My first license in</p> <p>5 Pennsylvania I think was also concurrent. Let me think</p> <p>6 about that. I think I was licensed in Virginia in 1970</p> <p>7 and in Pennsylvania 1971 as I recall.</p> <p>8 Q. And I didn't say this, but if you need to</p> <p>9 estimate on something, let me know. If you just -- if</p> <p>10 you can't remember something, I don't want you to guess</p> <p>11 or make something up, but it's fine to estimate.</p> <p>12 A. It's approximately those dates. I do not</p> <p>13 have the exact date in front of me.</p> <p>14 Q. Sure. I understand. And have you been</p> <p>15 continually licensed in Pennsylvania since 1971 or</p> <p>16 thereabouts?</p> <p>17 A. Yes.</p> <p>18 Q. And are you board certified in any particular</p> <p>19 areas?</p> <p>20 A. Pulmonary medicine, critical care, and</p> <p>21 internal medicine.</p> <p>22 Q. When you took the role of president of</p> <p>23 Susquehanna Health Medical Group in 2008, did you</p> <p>24 continue to practice medicine, or was that kind of a</p> <p>25 full-time administrative job?</p>
<p style="text-align: right;">7</p> <p>1 A. That's correct.</p> <p>2 Q. And when did you leave that position?</p> <p>3 A. February 2015.</p> <p>4 Q. How long did you hold that particular</p> <p>5 position?</p> <p>6 A. I began in September 2008.</p> <p>7 Q. And did you work within the Susquehanna</p> <p>8 Health System or any of the related entities prior to</p> <p>9 September 2008?</p> <p>10 A. Yes.</p> <p>11 Q. How long did you work for I'll call it</p> <p>12 Susquehanna Health and related entities? Is that a fair</p> <p>13 characterization?</p> <p>14 A. Yes. Since July 1975.</p> <p>15 Q. What was your role prior to taking the</p> <p>16 position of president of Susquehanna Health Medical</p> <p>17 Group?</p> <p>18 A. I was a clinician in pulmonary and critical</p> <p>19 care. I was also employed as a medical director for</p> <p>20 critical care.</p> <p>21 Q. And it seems apparent but you're currently a</p> <p>22 licensed medical doctor?</p> <p>23 A. Yes.</p> <p>24 Q. And have you maintained an active license to</p> <p>25 practice-- Well, when were you first licensed to</p>	<p style="text-align: right;">9</p> <p>1 A. Yes, I continued to practice outpatient</p> <p>2 pulmonary medicine two one-half days per week in the</p> <p>3 pulmonary outpatient office.</p> <p>4 Q. So approximately how much of your time in</p> <p>5 that time frame from 2008 to 2015 maybe on a weekly</p> <p>6 basis or whatever makes most sense to you was devoted to</p> <p>7 the duties of being the president of Susquehanna Health</p> <p>8 Medical Group?</p> <p>9 A. How many hours per week?</p> <p>10 Q. Either hours per week or was it 50 percent of</p> <p>11 your time? I mean, I know you said you were doing</p> <p>12 practice --</p> <p>13 A. Well, of my paid time it was 80 percent, so</p> <p>14 it was 80/20.</p> <p>15 Q. And in your role as the president of</p> <p>16 Susquehanna Health Medical Group what were your</p> <p>17 responsibilities?</p> <p>18 A. I would have to look at my job description to</p> <p>19 be absolutely sure.</p> <p>20 Q. Are you able to give me a general idea? I'm</p> <p>21 not sure I have the job description.</p> <p>22 A. Well, I was the chief executive officer for</p> <p>23 the medical group. However, I worked in a collaborative</p> <p>24 role with other administrators both for the health</p> <p>25 system and in the medical group.</p>

Exam./Weisberg - William C. McCauley, M.D.

<p style="text-align: right;">10</p> <p>1 Q. And my understanding is that the Susquehanna</p> <p>2 Health Medical Group was the unit, division, company,</p> <p>3 what have you, within the Susquehanna Health System that</p> <p>4 employed the system's employed physicians. Is that</p> <p>5 correct?</p> <p>6 A. That's correct.</p> <p>7 Q. Was that the primary function of Susquehanna</p> <p>8 Health Medical Group?</p> <p>9 MR. BLUTH: Object to the form. But you</p> <p>10 can answer if you understand the question.</p> <p>11 A. Yes, I don't understand the-- Could you</p> <p>12 rephrase it, please.</p> <p>13 BY MR. WEISBERG:</p> <p>14 Q. Yeah. I'm just trying to figure out what was</p> <p>15 the-- I think we can agree that -- or you agreed with</p> <p>16 me that Susquehanna Health Medical Group employed the</p> <p>17 employed physicians. I just want to get a sense of what</p> <p>18 that meant. What were the objectives or functions of</p> <p>19 Susquehanna Health Medical Group?</p> <p>20 A. Well, we provided a practice setting for the</p> <p>21 clinicians. The medical group obviously recruited</p> <p>22 physicians to the health system. And we oversaw the</p> <p>23 performance of the physicians, quality of care provided</p> <p>24 in the clinics.</p> <p>25 Q. And if I'm not mistaken just from prior</p>	<p style="text-align: right;">12</p> <p>1 Q. And we'll talk more about this later, but</p> <p>2 were you present at two physician compensation committee</p> <p>3 meetings where Dr. Barot's compensation was discussed?</p> <p>4 A. As I best recall.</p> <p>5 Q. Did you make presentations to the committee</p> <p>6 with respect to Dr. Barot's compensation requests?</p> <p>7 A. I believe that was handled by other</p> <p>8 administrative personnel, but I would have to look at</p> <p>9 the minutes to be sure.</p> <p>10 Q. And, again, I'll ask you more specific</p> <p>11 questions later, but just generally in the physician</p> <p>12 compensation committee was there any -- ever any</p> <p>13 instances where physicians-- Would physicians</p> <p>14 themselves ever be invited to those compensation</p> <p>15 committee meetings when their compensation was being</p> <p>16 discussed either for the purpose of observing or for the</p> <p>17 purpose of presenting?</p> <p>18 A. No.</p> <p>19 Q. Are you aware if there was any particular</p> <p>20 rule against that, or was that just a practice?</p> <p>21 A. I'm not aware of a rule, but I will say I'm</p> <p>22 not privy to the committee-- The committee would make</p> <p>23 that decision, certainly not the physicians or the</p> <p>24 medical group.</p> <p>25 Q. So the committee-- Did the committee invite</p>
<p style="text-align: right;">11</p> <p>1 depositions and reviewing documents, would Susquehanna</p> <p>2 Health Medical Group have been involved with playing a</p> <p>3 role in negotiating contracts for physicians?</p> <p>4 A. Yes.</p> <p>5 Q. And did the Susquehanna Health Medical Group</p> <p>6 play a role in interacting with the physician</p> <p>7 compensation committee?</p> <p>8 A. Yes. We were guests at the compensation</p> <p>9 committee to provide the committee with information.</p> <p>10 Q. And, again, just from prior depositions, if</p> <p>11 you just want to confirm that either you or someone from</p> <p>12 the medical group would do actual presentations to the</p> <p>13 committee if a physician, for instance, was seeking</p> <p>14 additional compensation that required committee</p> <p>15 approval?</p> <p>16 A. Yes, we would provide information regarding</p> <p>17 the -- regarding that.</p> <p>18 Q. And I take it from your answer that you were</p> <p>19 not at least in the time you were president of</p> <p>20 Susquehanna Health Medical Group you were not a member</p> <p>21 of the compensation committee?</p> <p>22 A. That is correct.</p> <p>23 Q. Were you ever a member of the physician</p> <p>24 compensation committee?</p> <p>25 A. No, sir.</p>	<p style="text-align: right;">13</p> <p>1 you as a guest then --</p> <p>2 A. Yes.</p> <p>3 Q. -- if there was a presentation?</p> <p>4 A. Yes.</p> <p>5 Q. Who would set the agenda for the compensation</p> <p>6 committee meetings and particularly in terms of if there</p> <p>7 was a physician that had additional compensation to be</p> <p>8 considered?</p> <p>9 A. The medical group would provide information</p> <p>10 to the compensation committee that there was need for a</p> <p>11 discussion on their agenda. But we did not make the</p> <p>12 agenda for the committee. We requested a meeting so</p> <p>13 that we could present that information.</p> <p>14 Q. And did the physician compensation committee</p> <p>15 meet on any regularly scheduled basis, I mean monthly,</p> <p>16 quarterly, something like that?</p> <p>17 A. They would typically meet every other month,</p> <p>18 but some months the meetings were canceled because there</p> <p>19 was -- it was deemed that there was no significant</p> <p>20 agenda.</p> <p>21 Q. And I don't want to put words into your</p> <p>22 mouth. I'm just trying to understand. In terms of a</p> <p>23 physician -- request for additional compensation for a</p> <p>24 physician, was the method for that to get on the agenda</p> <p>25 would have been triggered by a request from the</p>

Exam./Weisberg - William C. McCauley, M.D.

<p style="text-align: right;">14</p> <p>1 Susquehanna Health Medical Group?</p> <p>2 A. Yes.</p> <p>3 Q. I assume you know Dr. Barot sitting next to</p> <p>4 me.</p> <p>5 A. Yes.</p> <p>6 Q. Do you recall when you first interacted with</p> <p>7 Dr. Barot in terms of— Well, did you ever— Let me</p> <p>8 ask first, did you ever know Dr. Barot before he was</p> <p>9 recruited to come to Susquehanna Health Medical Group?</p> <p>10 A. No.</p> <p>11 Q. Did you know of him before?</p> <p>12 A. No.</p> <p>13 Q. Did you ever speak with Dr. Barot prior to</p> <p>14 him becoming employed with Susquehanna Health Medical</p> <p>15 Group?</p> <p>16 A. Yes.</p> <p>17 Q. Did you ever have discussions with Dr. Barot</p> <p>18 about his contract prior to him signing it and coming on</p> <p>19 board with Susquehanna Health?</p> <p>20 A. No, not that I recall.</p> <p>21 Q. Did you ever have any conversations with any</p> <p>22 attorneys representing Dr. Barot in the period in which</p> <p>23 his contract was being negotiated?</p> <p>24 A. Not that I recall.</p> <p>25 Q. Did you work with Mr. Jim Turri with respect</p>	<p style="text-align: right;">16</p> <p>1 counsel as they're looking through things.</p> <p>2 BY MR. WEISBERG:</p> <p>3 Q. So my first question when you have a chance</p> <p>4 to look through these is, do these appear to you to be</p> <p>5 e-mails that you either received and/or sent?</p> <p>6 A. On D-62 and D-63?</p> <p>7 Q. Yes.</p> <p>8 A. Yes.</p> <p>9 Q. On the second e-mail which is in the middle</p> <p>10 of Page D-62 it's from you to Jim Turri dated</p> <p>11 March 25th, 2009, and you write, Jim, looks good, I have</p> <p>12 concerns about the dollars per RVU as we discussed. But</p> <p>13 you have told me that he is fixated on that number for</p> <p>14 us to get him here.</p> <p>15 Again, I'm going to ask you questions to the</p> <p>16 best of your recollection generally. I'm not</p> <p>17 necessarily going to say that each time. But what did</p> <p>18 you mean by that you had concerns about the dollar per</p> <p>19 RVU as you had discussed?</p> <p>20 A. As I recall, I was concerned that it was --</p> <p>21 it may result in compensation higher than fair market</p> <p>22 value.</p> <p>23 Q. And if you could just explain, what do you</p> <p>24 mean by that, compensation higher than fair market</p> <p>25 value?</p>
<p style="text-align: right;">15</p> <p>1 to the negotiation process for Dr. Barot's contract?</p> <p>2 A. I interacted with Mr. Turri.</p> <p>3 Q. And did Mr. Turri in that period of time when</p> <p>4 Dr. Barot was being recruited did he report to you?</p> <p>5 A. Yes.</p> <p>6 Q. Throughout our conversation I'm going to ask</p> <p>7 you to look at some various documents. Most of them</p> <p>8 have numbers on the bottom that I'll refer to just for</p> <p>9 tracking purposes. When I give you documents, I'll ask</p> <p>10 you generally to look at them. Feel free to take all</p> <p>11 the time you think you need to, to look over them. I'll</p> <p>12 try to direct you to what I want to ask you about. But,</p> <p>13 again, feel free to take time to review them if you need</p> <p>14 to.</p> <p>15 So I want to hand you documents which have</p> <p>16 been marked D-62 through D-72. And I'll represent to</p> <p>17 you that the first two pages appear to be three e-mails</p> <p>18 in which you were either the sender, recipient directly,</p> <p>19 or a cc recipient on all of them. I have my questions</p> <p>20 primarily related to the e-mails, but you can feel free</p> <p>21 to look through those if you need to.</p> <p>22 MR. WEISBERG: And I will just for</p> <p>23 housekeeping so nobody's confused, I did not give you</p> <p>24 D-64. D-64 is an e-mail which is the same one that's at</p> <p>25 the bottom of Page D-62 to D-63. And that's just for</p>	<p style="text-align: right;">17</p> <p>1 A. As a tax exempt nonprofit organization</p> <p>2 governed by IRS rules, our compensation needs to be</p> <p>3 within fair market value to comply with federal law.</p> <p>4 Q. And do you have a working knowledge</p> <p>5 independent of what you may have learned from inside or</p> <p>6 outside attorneys as to the IRS rules governing your</p> <p>7 organization and fair market value that you talked</p> <p>8 about?</p> <p>9 A. Well, you know, we're governed by so-called</p> <p>10 Stark and anti-kickback laws that relate to physician</p> <p>11 compensation and particularly physician compensation in</p> <p>12 excess of fair market value.</p> <p>13 Q. Would the Stark laws have had a potential</p> <p>14 effect on your ability to pay Dr. Barot?</p> <p>15 MR. BLUTH: Objection. That question</p> <p>16 calls for a legal opinion.</p> <p>17 MR. WEISBERG: I'm asking for his</p> <p>18 understanding in a nonlegal manner.</p> <p>19 MR. BLUTH: Your question wasn't phrased</p> <p>20 that way. And you're talking about the time period of</p> <p>21 March of 2009. So if you want to ask him whether in</p> <p>22 March of 2009 he had formed any understanding on that</p> <p>23 subject, that might pass muster. But to ask him</p> <p>24 generally whether --</p> <p>25 MR. WEISBERG: That's a fair</p>

Exam./Weisberg - William C. McCauley, M.D.

<p style="text-align: right;">18</p> <p>1 characterization.</p> <p>2 BY MR. WEISBERG:</p> <p>3 Q. In March of 2009 had you formed an opinion as</p> <p>4 to whether the Stark laws may have had an impact on</p> <p>5 Dr. Barot's contract in your thought process in terms of</p> <p>6 negotiating the contract?</p> <p>7 A. Not specifically for Dr. Barot. I think that</p> <p>8 we were cognizant of those laws in general in physician</p> <p>9 compensation negotiations.</p> <p>10 Q. And under what circumstances as you</p> <p>11 understood them in March of 2009 would the Stark laws</p> <p>12 specifically have affected your ability to compensate</p> <p>13 Dr. Barot?</p> <p>14 MR. BLUTH: Objection. If you want to</p> <p>15 limit your question to Dr. Barot and whether he had such</p> <p>16 an understanding relative to Dr. Barot, even though I</p> <p>17 think he just answered that question, fine. But I will</p> <p>18 object to any question that asks this witness for a</p> <p>19 general characterization of the application, if any, of</p> <p>20 a certain law to physician compensation generally.</p> <p>21 MR. WEISBERG: And I'm intending to ask</p> <p>22 specifically about Dr. Barot. If I didn't, I apologize.</p> <p>23 BY MR. WEISBERG:</p> <p>24 Q. My question is, what was your understanding</p> <p>25 in March of 2009 as to how the Stark laws specifically</p>	<p style="text-align: right;">20</p> <p>1 What do you mean when you say at what point, at what</p> <p>2 point in the future? You're asking for a legal opinion</p> <p>3 at that juncture.</p> <p>4 MR. WEISBERG: Here's my question, all</p> <p>5 right, if there's a concern that the Stark laws may</p> <p>6 affect Dr. Barot, I'm interested in why Dr. McCauley</p> <p>7 thought that the Stark laws could affect Dr. Barot.</p> <p>8 MR. BLUTH: I think he's answered that</p> <p>9 question.</p> <p>10 MR. WEISBERG: Look, you didn't tell me</p> <p>11 that the motor vehicle laws would have been a constraint</p> <p>12 on Dr. Barot, okay, you told me a specific law that may</p> <p>13 have affected Dr. Barot that was a concern in</p> <p>14 negotiating his contract. And my question is why that</p> <p>15 law.</p> <p>16 MR. BLUTH: And I think he's answered</p> <p>17 that question. Let's go off the record.</p> <p>18 (Discussion held off the record)</p> <p>19 BY MR. WEISBERG:</p> <p>20 Q. So I'm clear, Dr. McCauley, that in March of</p> <p>21 2009 you had not specifically -- had no specific concern</p> <p>22 about how the Stark laws might affect Dr. Barot and his</p> <p>23 contract. Is that accurate?</p> <p>24 A. No. I was in general cognizant of the law</p> <p>25 and wanted to make sure that whatever we did in terms of</p>
<p style="text-align: right;">19</p> <p>1 may have had an effect on Dr. Barot's compensation?</p> <p>2 MR. BLUTH: Asked and answered. But you</p> <p>3 can answer again if you understand the question.</p> <p>4 A. I think as answered.</p> <p>5 BY MR. WEISBERG:</p> <p>6 Q. What specifically about the Stark laws --</p> <p>7 MR. BLUTH: Well --</p> <p>8 MR. WEISBERG: That's a fair question,</p> <p>9 what specifically about the Stark laws was Dr. McCauley</p> <p>10 concerned about in March of 2009 that could have had an</p> <p>11 adverse effect on Dr. Barot's compensation.</p> <p>12 MR. BLUTH: And I think the witness</p> <p>13 previously told you he had formed no specific opinion</p> <p>14 relative to Dr. Barot as an individual but was generally</p> <p>15 cognizant that there were parameters under which he was</p> <p>16 operating.</p> <p>17 BY MR. WEISBERG:</p> <p>18 Q. So is it fair to say then that you had no</p> <p>19 specific-- At what point could the Stark laws have</p> <p>20 affected Dr. Barot specifically with respect to his</p> <p>21 compensation as you understood them in March of 2009?</p> <p>22 MR. BLUTH: Objection.</p> <p>23 BY MR. WEISBERG:</p> <p>24 Q. If you had no specific opinion, that's fine.</p> <p>25 MR. BLUTH: No, it's not a fair question.</p>	<p style="text-align: right;">21</p> <p>1 contract negotiations were consistent.</p> <p>2 Q. What was your general understanding of, not</p> <p>3 legally, but your general understanding of the Stark</p> <p>4 laws and how they affected physician compensation back</p> <p>5 in 2009?</p> <p>6 MR. BLUTH: If you recall what your</p> <p>7 understanding was in 2009.</p> <p>8 MR. WEISBERG: I understand that, Brian.</p> <p>9 I'm asking him.</p> <p>10 A. Right. And I don't recall exactly my</p> <p>11 understanding in 2009. A lot of my understanding grew</p> <p>12 over the years that I was in this position of the</p> <p>13 application. But I don't recall specifically in 2009.</p> <p>14 BY MR. WEISBERG:</p> <p>15 Q. What was your --</p> <p>16 A. And I would also add that, you know, any</p> <p>17 concerns that we had we would -- if we felt that there</p> <p>18 was a concern, we would seek legal guidance about that.</p> <p>19 Q. Sure.</p> <p>20 A. It's no decision we made.</p> <p>21 Q. Understood. Did you have any specific</p> <p>22 concern with respect to how-- Back in March of 2009 did</p> <p>23 you have any specific concern with how anti-kickback</p> <p>24 statutes could affect Dr. Barot and his contract when</p> <p>25 you raised your concerns in this e-mail?</p>

Exam./Weisberg - William C. McCauley, M.D.

<p style="text-align: right;">22</p> <p>1 A. No.</p> <p>2 Q. What was your general understanding of the</p> <p>3 anti-kickback statutes and how they affected physician</p> <p>4 compensation back in 2009?</p> <p>5 A. Again, if we had any concerns about</p> <p>6 application, we would apply for legal opinion and</p> <p>7 counsel.</p> <p>8 Q. And I want to ask the same questions</p> <p>9 regarding any IRS regulations. Did you have any</p> <p>10 specific concerns back in March of 2009 with respect to</p> <p>11 how any IRS regulations would affect Dr. Barot's</p> <p>12 compensation beyond the general concern you had</p> <p>13 mentioned?</p> <p>14 A. No.</p> <p>15 Q. And did you have any general understanding as</p> <p>16 to how IRS regulations affected physician compensation</p> <p>17 back in 2009 other than as you said with the other laws</p> <p>18 that you were aware of them and you would defer to</p> <p>19 counsel for specific questions?</p> <p>20 A. That's correct.</p> <p>21 Q. I'm going to hand you documents previously</p> <p>22 marked D-73 through D-77 which appear to be on the first</p> <p>23 page two e-mails, one from Dr. Barot to Jim Turri and</p> <p>24 Dan Dumezich dated March 29, 2009, another one from Jim</p> <p>25 Turri to yourself, Kimberly Manning, and Kenneth Young</p>	<p style="text-align: right;">24</p> <p>1 Q. Do you have any more specifics in terms of</p> <p>2 what he was asking for that was different?</p> <p>3 A. No, I don't.</p> <p>4 Q. Are you able to tell me, and we can certainly</p> <p>5 look at the contract, but are you able to tell me as we</p> <p>6 sit here right now whether any of those requests or some</p> <p>7 of those requests that you had characterized as</p> <p>8 different were eventually worked into Dr. Barot's</p> <p>9 contract?</p> <p>10 A. Yes.</p> <p>11 Q. And you say yes you recall or yes some of</p> <p>12 them were worked in?</p> <p>13 A. Well, I do recall one in particular that was</p> <p>14 a departure from a usual contract which was his</p> <p>15 severance package which was not part of our usual --</p> <p>16 which was his specific request.</p> <p>17 Q. Was Dr. Barot's RVU compensation formula</p> <p>18 within the normal type of formula that SHMG had been</p> <p>19 using up to that point, or was it a departure?</p> <p>20 A. I would have to say I don't recall exactly.</p> <p>21 There was an RVU formula that was being used at the</p> <p>22 time. As I recall, I think it was modified for</p> <p>23 Dr. Barot, but I cannot recall in specifically what way</p> <p>24 it was.</p> <p>25 But also memory is clouded of the fact that</p>
<p style="text-align: right;">23</p> <p>1 on March 30th, 2009. Do you recognize the March 30th</p> <p>2 e-mail as being one you would have received from</p> <p>3 Mr. Turri?</p> <p>4 A. Yes.</p> <p>5 Q. Mr. Turri's e-mail to you says, attached is</p> <p>6 my latest proposal offer -- proposed offer to Dr. Barot</p> <p>7 and all his comments after we discussed on the phone.</p> <p>8 He says this is a real different approach and I am not</p> <p>9 sure I want to do this in this fashion.</p> <p>10 A. I see that.</p> <p>11 Q. Okay. Did you have a discussion at all with</p> <p>12 Mr. Turri about what he meant saying that this is a real</p> <p>13 different approach?</p> <p>14 A. I do not recall.</p> <p>15 Q. Do you recall if, in fact, Dr. Barot's</p> <p>16 contract discussion included a different approach</p> <p>17 meaning something out of the norm from what the</p> <p>18 Susquehanna Health Medical Group had generally been</p> <p>19 doing with physicians such as Dr. Barot?</p> <p>20 A. I recall that Dr. Barot had requests --</p> <p>21 certain requests in his compensation negotiations that</p> <p>22 were different than our usual and that there was some</p> <p>23 discussion around, you know, should we depart from our</p> <p>24 usual contract forms or not the forms so much as the</p> <p>25 contents to accommodate Dr. Barot.</p>	<p style="text-align: right;">25</p> <p>1 we did have several iterations of our RVU compensation</p> <p>2 plan over the years that I've been president of the</p> <p>3 medical group.</p> <p>4 Q. I'm going to hand you documents marked D-79</p> <p>5 to D-85 and represent to you that these at least appear</p> <p>6 to be a series of e-mails. And it appears that you are</p> <p>7 a cc recipient of the very first one on the first page</p> <p>8 dated April 2nd, 2009 from Mr. Turri to Dr. Barot. Do</p> <p>9 you see that?</p> <p>10 A. Yes.</p> <p>11 Q. Feel free to look over this if you need to,</p> <p>12 but I have a specific question which is that within</p> <p>13 the -- this body of e-mails Mr. Turri it appears has put</p> <p>14 some comments in bold which were responding to some</p> <p>15 questions from Mr. Scott DeMint who was a consultant</p> <p>16 that Dr. Barot had retained. And I just wanted to know</p> <p>17 if you had any recollection of discussing this with</p> <p>18 Mr. Turri, his responses, before they were sent to</p> <p>19 Mr. DeMint.</p> <p>20 A. Not, no that I recall, no. In fact, I would</p> <p>21 say no. I think Mr. Turri had ongoing conversations for</p> <p>22 a period of time with his negotiations that I was not</p> <p>23 involved in.</p> <p>24 Q. I'm going to show you documents which have</p> <p>25 been marked D-1 through D-15 and ask you-- I'll</p>

Exam./Weisberg - William C. McCauley, M.D.

<p style="text-align: right;">26</p> <p>1 represent to you that it is titled Susquehanna Health</p> <p>2 Medical Group Physician Employment Agreement and it</p> <p>3 appears to be the agreement between Susquehanna Health</p> <p>4 Medical Group and Dr. Barot. I'll ask you first if you</p> <p>5 recognize that document.</p> <p>6 A. Yes.</p> <p>7 Q. And what is that document?</p> <p>8 A. As you've stated, it's the physician</p> <p>9 employment agreement of Susquehanna Health Medical Group</p> <p>10 and Dr. Barot.</p> <p>11 Q. And on D-13 it appears as if it's signed by</p> <p>12 Mr. Johnson. Is that correct?</p> <p>13 A. That's correct.</p> <p>14 Q. Do you know how this document got to</p> <p>15 Mr. Johnson? I guess my question is, did you present it</p> <p>16 to him for signature do you recall?</p> <p>17 A. I do not recall.</p> <p>18 Q. Did you have any discussions with Mr. Johnson</p> <p>19 about Dr. Barot's agreement before he signed it?</p> <p>20 A. I do not recall.</p> <p>21 Q. Do you know if Mr. Turri had any</p> <p>22 conversations with Mr. Johnson about Dr. Barot's</p> <p>23 agreement before Mr. Johnson signed it?</p> <p>24 A. I would not know that.</p> <p>25 Q. Did you have an opportunity to read and fully</p>	<p style="text-align: right;">28</p> <p>1 A. Yes.</p> <p>2 Q. And I take it from your prior answer but just</p> <p>3 to confirm, you have no specific recollection as to why</p> <p>4 Mr. Johnson signed this agreement and not you?</p> <p>5 A. No, I do not, do not know.</p> <p>6 Q. I just want to ask you a couple questions</p> <p>7 right now with respect to a couple sections of the</p> <p>8 agreement. On Page 3, Section 5 it talks about a</p> <p>9 quality bonus. Do you know if Dr. Barot was ever paid a</p> <p>10 quality bonus?</p> <p>11 A. No.</p> <p>12 Q. No, you do not know?</p> <p>13 A. I do not know.</p> <p>14 Q. On Page 4, Section 7 -- or actually right at</p> <p>15 the paragraph above Section 7 says, annually at the end</p> <p>16 of each year of this agreement SHMG shall perform a</p> <p>17 financial analysis of the performance of the physician's</p> <p>18 practice using the calculation of the incentive</p> <p>19 compensation referenced above.</p> <p>20 So would it be correct to say that since this</p> <p>21 agreement was effective July 27th, 2009 is it a correct</p> <p>22 interpretation that that financial analysis would have</p> <p>23 occurred subsequent to July 27, 2010?</p> <p>24 A. Yes.</p> <p>25 Q. And then below that it talks about</p>
<p style="text-align: right;">27</p> <p>1 review Dr. Barot's employment agreement that we're</p> <p>2 looking at before it was signed?</p> <p>3 A. Specifically I do not know. And the reason I</p> <p>4 say that is it was signed by Mr. Johnson instead of by</p> <p>5 me. I do not recall.</p> <p>6 Q. Would Mr. Johnson typically have been the</p> <p>7 person at that point in time to sign these types of</p> <p>8 agreements?</p> <p>9 A. He signed all physician agreements, as I --</p> <p>10 he would have signed physician agreements I think before</p> <p>11 I came on board. This was still early in my tenure, and</p> <p>12 so I think he was still signing some physician</p> <p>13 documents.</p> <p>14 Q. And I do note on Page 13 under the signature</p> <p>15 line it's typed president. President would have been</p> <p>16 you at that time, correct?</p> <p>17 A. Of the medical group. But he's president of</p> <p>18 the Susquehanna Health.</p> <p>19 Q. Susquehanna Physician Services is Susquehanna</p> <p>20 Health Medical Group, correct?</p> <p>21 A. Yes, okay. Then he struck that out and wrote</p> <p>22 chairman because he was chairman of the board at that</p> <p>23 time.</p> <p>24 Q. Right. And I guess obviously he would have</p> <p>25 had authority to sign that as opposed to you?</p>	<p style="text-align: right;">29</p> <p>1 limitations on compensation, and about the fifth line it</p> <p>2 talks about the fact that if the physician's</p> <p>3 productivity, expertise, and overall job performance</p> <p>4 suggests that his compensation should exceed the 90th</p> <p>5 percentile compensation limitations set forth herein, it</p> <p>6 will be presented to the compensation committee.</p> <p>7 So my first question is, and we can go</p> <p>8 through the specific details, but is it your</p> <p>9 recollection that Dr. Barot in his first year of this</p> <p>10 agreement exceeded the 90th percentile to the extent</p> <p>11 that there would have been a need to go to the</p> <p>12 compensation committee based on this agreement?</p> <p>13 MR. BLUTH: Objection to the form of the</p> <p>14 question.</p> <p>15 BY MR. WEISBERG:</p> <p>16 Q. Do you understand the question?</p> <p>17 A. I understand the question.</p> <p>18 Q. Are you able to respond to it?</p> <p>19 A. My response is I would have to look at the</p> <p>20 record.</p> <p>21 Q. And that same sentence we were reading</p> <p>22 continues that it will be presented to the compensation</p> <p>23 committee of the SHMG board of directors for</p> <p>24 consideration and a determination in accordance with</p> <p>25 SHMG policy and procedure. Do you see that?</p>

Exam./Weisberg - William C. McCauley, M.D.

<p style="text-align: right;">30</p> <p>1 A. Yes.</p> <p>2 Q. What is that referring to in this particular</p> <p>3 contract when it says in accordance with SHMG policy and</p> <p>4 procedure? I guess the question is, what policy and</p> <p>5 procedure is that in your estimation or in your</p> <p>6 understanding referring to?</p> <p>7 A. Again, I would have to defer the answer to</p> <p>8 looking at our policy and procedure statements. I do</p> <p>9 not recall specifically.</p> <p>10 Q. And you don't recall— Do you recall which</p> <p>11 policy and procedure statements —</p> <p>12 A. No.</p> <p>13 Q. — that it's talking about?</p> <p>14 A. No.</p> <p>15 Q. Did you have any involvement in negotiating</p> <p>16 or executing Dr. Barot's contract to be medical director</p> <p>17 of the gastroenterology program?</p> <p>18 A. No.</p> <p>19 Q. I'm going to show you a document which has</p> <p>20 been marked D-5680, and it appears to be — at least the</p> <p>21 top part about down to other than the last few lines of</p> <p>22 the page appears to be an e-mail from Mr. Turri to you</p> <p>23 and Mr. Buttorff copying Mr. Ruppert dated</p> <p>24 December 10th, 2009. Take a chance to review that if</p> <p>25 you need to. Does that appear to be an e-mail that you</p>	<p style="text-align: right;">32</p> <p>1 A. I do not recall.</p> <p>2 Q. I'm going to show you a document which has</p> <p>3 been marked D-6941 and ask you if you're familiar with</p> <p>4 this document at all?</p> <p>5 A. No.</p> <p>6 Q. Never seen that before?</p> <p>7 A. Never.</p> <p>8 Q. It appears to be some sort of marketing</p> <p>9 materials for Dr. Barot. I know you said you've never</p> <p>10 seen it before, so, but I just want to be clear, do you</p> <p>11 have any knowledge of whether this particular document</p> <p>12 was ever distributed or published to anyone?</p> <p>13 A. I do not recall.</p> <p>14 Q. I'm going to show you a document which has</p> <p>15 been marked Barot 94 and Barot 95 which I'll represent</p> <p>16 to you appears to be a letter from Lori Beucler to</p> <p>17 Dr. Barot dated March 13th, 2010. It looks like you are</p> <p>18 copied on that. Take time to read it if you need to.</p> <p>19 I'll represent to you that it discusses performing</p> <p>20 endoscopic procedures on high-risk patients at Divine</p> <p>21 Providence Hospital GI lab. And my first question would</p> <p>22 be, do you have a recollection of receiving this letter</p> <p>23 as a copied recipient?</p> <p>24 A. I do not have a recollection of receiving</p> <p>25 this as a — this document as a recipient at that time.</p>
<p style="text-align: right;">31</p> <p>1 would have received?</p> <p>2 A. It appears to be.</p> <p>3 Q. There is a handwritten 11,500 WRVUs. Do you</p> <p>4 see that?</p> <p>5 A. Yes.</p> <p>6 Q. Do you know is that your writing?</p> <p>7 A. No.</p> <p>8 Q. Do you know whose it is?</p> <p>9 A. I do not know.</p> <p>10 Q. And Mr. Turri writes, just to follow up on</p> <p>11 Dr. Barot and his earning potential so no one has a</p> <p>12 stroke. His contract clearly states he will not/cannot</p> <p>13 pay him over the 90th percentile of the latest MGMA.</p> <p>14 And then it talks about that it would need to go to the</p> <p>15 compensation committee.</p> <p>16 Do you recall— When you received this</p> <p>17 e-mail from Mr. Turri, was there any discussion between</p> <p>18 you and Mr. Turri as to what he meant by reviewing the</p> <p>19 earning potential so no one has a stroke?</p> <p>20 A. I don't recall this e-mail. I see that it's</p> <p>21 from Jim Turri and I'm included as a recipient, but I do</p> <p>22 not have any recollection of this e-mail at all.</p> <p>23 Q. Did you have any discussions in the December</p> <p>24 or thereabouts time frame meaning late 2009 regarding</p> <p>25 Dr. Barot and his earnings potential?</p>	<p style="text-align: right;">33</p> <p>1 I have seen it subsequently, but I do not recall seeing</p> <p>2 it at that time.</p> <p>3 Q. Hold onto that for the moment. I'll show you</p> <p>4 D — ask you to look at D-6711 through D-6713 which</p> <p>5 appears to be a series of e-mails from March 15th and</p> <p>6 16th of 2010 in which you are either the sender or</p> <p>7 recipient of at least most of them. And you can take</p> <p>8 time to look at them if you'd like. Obviously the</p> <p>9 general subject appears to be a dispute of whether —</p> <p>10 what types of patients should be seen in terms of</p> <p>11 definitions of high-risk patients. Do you see that?</p> <p>12 A. Yes.</p> <p>13 Q. Do you have a recollection — and it's — and</p> <p>14 I had you hold onto that letter because I think they</p> <p>15 address the same topics. Do you have a recollection in</p> <p>16 March of 2010 regarding discussions about performance of</p> <p>17 procedures at Williamsport Hospital versus Divine</p> <p>18 Providence based on —</p> <p>19 A. I do recall discussions ongoing. I would</p> <p>20 have to refer to these notes for the specifics, however.</p> <p>21 Q. What is your recollection generally</p> <p>22 independent of what may be in these notes of those</p> <p>23 discussions?</p> <p>24 A. I don't have independent recollections beyond</p> <p>25 these notes. I do see that there was a discussion about</p>

Exam./Weisberg - William C. McCauley, M.D.

<p style="text-align: right;">34</p> <p>1 service line issues that extended beyond the medical 2 group. This is basically hospital business. And I 3 think we were included in the discussions here, but I 4 think the decision making is a hospital decision making. 5 Q. And who would be the individuals that would 6 be involved when you say hospital decision making? 7 A. Well, the service line -- at the time the 8 service line administrators, Lori Beucler and Neil 9 Armstrong. Neil is chief operating officer and 10 president of the Williamsport Hospital. 11 Q. Are you aware of whether high-risk procedures 12 that Dr. Barot performs could be performed at Divine 13 Providence? 14 A. No, I'm not involved in those decisions. 15 Q. And you have no knowledge of whether -- of 16 what procedures could be performed at which hospital? 17 And I'm referring specifically to Dr. Barot's 18 procedures. 19 A. No. 20 Q. Are you able to answer generally whether it 21 would be the treating physician-- If Dr. Barot would be 22 the treating physician, are you able to answer whether 23 it would be his decision whether to classify a specific 24 patient as high risk? 25 A. Again, risk assessment is often-- If there's</p>	<p style="text-align: right;">36</p> <p>1 regarding the -- whether it was a necessary purchase or 2 that the need for the purchase that Dr. Barot was 3 requesting? 4 A. I recall being involved in conversations 5 about that. If you have other questions about 6 specifics, I could try to address them, but I don't -- I 7 don't know what I can say beyond that. 8 Q. Were you aware that Dr. Barot felt that he 9 needed -- I'm trying to think of the right word -- if 10 this isn't the right word, then just tell me -- he 11 needed a more modern or a more high-resolution manometry 12 device? 13 A. Yes, I do recall him stating that. 14 Q. Do you recall that Dr. Barot at times would 15 need to refer patients to other facilities for 16 procedures that required a high-resolution manometry 17 device? 18 A. I'm not aware of that specifically. 19 Q. Were you involved in the decision as to 20 whether to honor Dr. Barot's request to purchase the new 21 manometry device in April 2010? 22 A. As I best recall, we at one point felt it was 23 inappropriate for his particular office, that this was 24 really more of a service line request for the hospital 25 service and it should go through the proper channels for</p>
<p style="text-align: right;">35</p> <p>1 anesthesia involved, they're quite involved with it. I 2 don't know if the department of anesthesia was involved. 3 But they would typically be involved as well. 4 Q. Do you know what the anesthesia capabilities 5 were at Divine Providence for Dr. Barot's procedures? 6 A. Not in 2010, no. 7 Q. I'm going to show you documents which have 8 been marked D-135 and D-136 which are a series of 9 e-mails from April 2010, and it looks like you were the 10 sender or the recipient on most if not all of them. Do 11 these appear to you to be e-mails that you would have 12 sent or received? 13 A. Yes. 14 Q. In the second e-mail from the top on the 15 first page we're looking at, D-135, Mr. Buttorff writes 16 to you, Dr. Barot is requesting to purchase/lease 17 H Pylori and manometry equipment. Do you see that? 18 A. Yes. 19 Q. Were you involved in discussions of 20 Dr. Barot's request to purchase manometry equipment? 21 A. I think to the extent that I see my response 22 on the top of this same page about not obligating -- 23 that Dr. Barot may not obligate the organization for 24 equipment purchase himself, yes. 25 Q. Did you have discussions with anyone</p>	<p style="text-align: right;">37</p> <p>1 capital purchase. 2 Q. And just so I understand, what do you mean by 3 a service line request? 4 A. Well, endoscopy -- GI endoscopy is a service 5 line which means it's not an office function of the 6 gastroenterology, Dr. Barot's office practice, but 7 rather a hospital service. 8 Q. Would that hospital service fall under the 9 purview at all of Dr. Barot's role as a medical director 10 for gastroenterology? 11 A. He would be a participant. 12 Q. So what particular individual would have 13 the -- if there is one has the final decision on whether 14 to make such a capital investment? 15 A. Well, there's a process for any capital 16 request that requires justification including return on 17 investment, clinical necessity, service expansion, a 18 number of considerations that may go into that decision 19 making. Once that is created, then it would go to a 20 hospital-wide committee that would look at all the 21 capital requests and adjudicate which ones met -- were 22 merited. 23 Q. I take it from what you said, just to be 24 clear, that process you described would not just apply 25 to Dr. Barot, that --</p>

Exam./Weisberg - William C. McCauley, M.D.

<p style="text-align: right;">38</p> <p>1 A. Oh, for any capital equipment beyond a</p> <p>2 certain small dollar figure.</p> <p>3 Q. Is there an exact number or at least a rule</p> <p>4 of thumb as to what's a small figure as you described?</p> <p>5 A. Yes. But I don't recall what it was at that</p> <p>6 time, certainly not have included-- It would be small</p> <p>7 purchases but, you know, not major equipment.</p> <p>8 Q. And you say small. Again, I don't want you</p> <p>9 to guess, but are we talking petty cash 100 bucks I take</p> <p>10 out of my pocket? Could it be something that was a few</p> <p>11 thousand dollars perhaps that would meet that?</p> <p>12 A. I do not recall the specific dollar figure.</p> <p>13 MR. BLUTH: Can we go off the record.</p> <p>14 MR. WEISBERG: Sure.</p> <p>15 (Recess taken)</p> <p>16 BY MR. WEISBERG:</p> <p>17 Q. Dr. McCauley, I just wanted to follow up on a</p> <p>18 couple things we had talked about earlier. We had</p> <p>19 looked at Dr. Barot's contract, and there had been a</p> <p>20 section about quality bonus, and if you want to look at</p> <p>21 it, I can give it back to you, but just to read from</p> <p>22 here that it says, physician shall be eligible to</p> <p>23 receive up to 5,000 in annual quality bonus based on a</p> <p>24 year-end annual performance review which may include a</p> <p>25 number of items. Did you ever evaluate -- perform a</p>	<p style="text-align: right;">40</p> <p>1 A. Can it physically be performed in an office?</p> <p>2 BY MR. WEISBERG:</p> <p>3 Q. Yes.</p> <p>4 A. I would say it would depend. It would depend</p> <p>5 on the office setup. I mean, certainly it's not</p> <p>6 something that's typically done in an office at least to</p> <p>7 my knowledge.</p> <p>8 Q. Wasn't Dr. Barot's request for the manometry</p> <p>9 device to be in his office?</p> <p>10 A. He requested, as I recall, the manometry</p> <p>11 device. And when it was -- he was informed it had to go</p> <p>12 through the capital process, then he requested it be in</p> <p>13 his office.</p> <p>14 Q. If it was in his office, would that have had</p> <p>15 to go through that capital process?</p> <p>16 A. Yes. Yeah, I think any purchase for</p> <p>17 equipment in offices would go through capital process as</p> <p>18 well.</p> <p>19 Q. In your practice, your practice of medicine,</p> <p>20 do you perform endoscopies?</p> <p>21 A. Yes.</p> <p>22 Q. Do you perform endoscopies at Divine</p> <p>23 Providence Hospital?</p> <p>24 A. I have.</p> <p>25 Q. Did you perform endoscopies at Divine</p>
<p style="text-align: right;">39</p> <p>1 year-end annual performance review for Dr. Barot with</p> <p>2 respect to this quality bonus?</p> <p>3 A. Personally no.</p> <p>4 Q. Do you know if anyone else did?</p> <p>5 A. I do not know.</p> <p>6 Q. Whose responsibility would that be to perform</p> <p>7 that review?</p> <p>8 A. It would be the practice -- the management of</p> <p>9 the individual practice.</p> <p>10 Q. I know there's a term practice manager such</p> <p>11 like Heidi Campbell would have been a practice manager.</p> <p>12 Is that the type of person --</p> <p>13 A. Whoever would have been there at that time.</p> <p>14 Q. We had talked a little bit about the request</p> <p>15 for the purchase of the manometry device. Isn't it true</p> <p>16 that manometry can be performed in an office?</p> <p>17 MR. BLUTH: Objection. Are you asking</p> <p>18 him clinical questions?</p> <p>19 MR. WEISBERG: I'm asking him if</p> <p>20 manometry can be performed in an office. I don't know</p> <p>21 whether that's a clinical question or not. It's a</p> <p>22 question that if he understands it I think he can</p> <p>23 answer.</p> <p>24 MR. BLUTH: You can answer the question</p> <p>25 if you understand it the way it was phrased.</p>	<p style="text-align: right;">41</p> <p>1 Providence Hospital in the 2009-2010 time frame?</p> <p>2 A. I do not recall specifically. There were</p> <p>3 times when we did many of them there. And then I think</p> <p>4 when that unit was changed to a gastroenterology service</p> <p>5 I think we then did them at Williamsport Hospital. But</p> <p>6 it's varied over the years from place to place. We've</p> <p>7 done them at Divine and Williamsport. Specifically</p> <p>8 during those years I do not recall.</p> <p>9 Q. You said when it was switched to</p> <p>10 gastroenterology service -- I don't want to put words in</p> <p>11 your mouth or mischaracterize it -- you believe you did</p> <p>12 not perform them at Divine?</p> <p>13 A. Sir, to the best of my knowledge, I do not</p> <p>14 recall what years we performed them at Divine or</p> <p>15 Williamsport. We could have performed them then.</p> <p>16 Frequently we did share facilities with the endoscopy</p> <p>17 service, though, both at Williamsport and Divine. We</p> <p>18 did our bronchoscopy services in the same space with the</p> <p>19 same personnel that we used for the endoscopy service.</p> <p>20 Q. And that would be in Divine as well as</p> <p>21 Williamsport?</p> <p>22 A. Yes, sir.</p> <p>23 Q. I'm going to show you a packet of documents</p> <p>24 marked D-139 through D-176. There's a large number of</p> <p>25 documents. I don't know that you'll need to look at all</p>

Exam./Weisberg - William C. McCauley, M.D.

<p style="text-align: right;">42</p> <p>1 of them. Certainly take your time to look at whatever</p> <p>2 you'd like. I'll represent to you that at least the</p> <p>3 first page appears to be an e-mail from Mr. Buttorff to</p> <p>4 Mr. Turri copying you dated May 10th, 2010 attaching</p> <p>5 form to use for the compensation committee. Do you see</p> <p>6 that?</p> <p>7 A. Yes.</p> <p>8 Q. Does that appear to be an e-mail that you</p> <p>9 would have been a copied recipient on?</p> <p>10 A. Yes.</p> <p>11 Q. Do you recall receiving documentation in May</p> <p>12 of 2010 regarding compensation committee workups for</p> <p>13 Dr. Barot?</p> <p>14 A. No. I see what's here. I have no</p> <p>15 independent recollection.</p> <p>16 Q. Dr. Barot's contract had indicated that --</p> <p>17 which became effective July 27th, 2009 that the</p> <p>18 incentive compensation would be calculated at the end of</p> <p>19 each year of the agreement which would have been</p> <p>20 July 27, 2010 and that if it exceeded 90th percentile</p> <p>21 would go to the compensation committee. Do you know why</p> <p>22 the workup would have been done in May of 2010 which</p> <p>23 would be about after 10 months of the first contract</p> <p>24 year?</p> <p>25 A. No.</p>	<p style="text-align: right;">44</p> <p>1 at that if you need to. I have some specific questions.</p> <p>2 My first question being is did you attend a meeting in</p> <p>3 May of -- May 14th, 2010 as indicated?</p> <p>4 A. I believe I did. Again, I have no</p> <p>5 independent recollection, but I see the document, and I</p> <p>6 have no reason to believe I was not there.</p> <p>7 Q. Do you recall who convened or who called this</p> <p>8 meeting?</p> <p>9 A. Not specifically. It would have been either</p> <p>10 Brian Buttorff or myself wanting to have the meeting,</p> <p>11 but I don't recall who called it.</p> <p>12 Q. I'll represent to you that I don't think</p> <p>13 there was anything in the file or I would have tried to</p> <p>14 produce it, but do you know if there was any agenda or</p> <p>15 any list of items to be discussed that was distributed</p> <p>16 prior to this meeting?</p> <p>17 A. I do not recall.</p> <p>18 Q. I want to ask you specifically about a</p> <p>19 paragraph on Page D-290, and it's the second paragraph</p> <p>20 starts, Dr. McCauley discussed that he was not sure</p> <p>21 whether the physician compensation committee would</p> <p>22 approve paying Dr. Barot above the 90th percentile.</p> <p>23 Where did you get that information that you had</p> <p>24 indicated to Dr. Barot as far as the physician</p> <p>25 compensation committee possibly not approving?</p>
<p style="text-align: right;">43</p> <p>1 Q. Did you have any discussion with Mr. Buttorff</p> <p>2 or Mr. Turri or anyone else for that matter about</p> <p>3 Dr. Barot's compensation committee workup in May of</p> <p>4 2010?</p> <p>5 A. No, sir, not beyond what is in these</p> <p>6 documents.</p> <p>7 Q. Did you have any discussion about what's in</p> <p>8 these documents in May of 2010?</p> <p>9 MR. BLUTH: What's the pending question?</p> <p>10 (The court reporter read back the</p> <p>11 previous question.)</p> <p>12 BY MR. WEISBERG:</p> <p>13 Q. And as you look through them, let me be a</p> <p>14 little more specific in my question. There's a lot of</p> <p>15 topics that are discussed here. I'm not necessarily</p> <p>16 asking for a discussion about the individual -- any</p> <p>17 discussions about any of the matters discussed in any of</p> <p>18 the topics. I'm asking if you had discussions about</p> <p>19 these documents as they were prepared, if that makes</p> <p>20 sense.</p> <p>21 A. No.</p> <p>22 Q. I'm going to show you documents marked as</p> <p>23 D-289 through D-291 which appear to be minutes from a</p> <p>24 meeting of May 14, 2010 involving yourself,</p> <p>25 Mr. Buttorff, and Dr. Barot. You can take time to look</p>	<p style="text-align: right;">45</p> <p>1 A. That's just-- It's based on the work of the</p> <p>2 compensation committee. The decision is up to them. I</p> <p>3 could not guarantee that they would pay him above the</p> <p>4 90th percentile. The decision solely rests with the</p> <p>5 compensation committee of the SHMG board.</p> <p>6 Q. Did you have any specific knowledge other</p> <p>7 than what you told me as to how the committee may react</p> <p>8 to Dr. Barot's situation at this time?</p> <p>9 A. No. That's a non-physician committee. It's</p> <p>10 a committee of independent board members or lay board</p> <p>11 members, non-physician board members. They would take</p> <p>12 the information that we would present, and then they</p> <p>13 would adjudicate it.</p> <p>14 Q. Is it fair to characterize that kind of</p> <p>15 statement as a more -- a general concern as opposed to a</p> <p>16 specific concern?</p> <p>17 A. Yes, exactly. It was a cautionary statement</p> <p>18 that there's no guarantee that he is going to be paid</p> <p>19 above the 90th percentile, that he needs to be aware</p> <p>20 that the compensation committee of the board will make</p> <p>21 that decision and it's not up to me.</p> <p>22 Q. It goes on to say, Dr. Barot first stated</p> <p>23 that, quote, if working and not getting paid, I am not</p> <p>24 sure about that. Well I do not have the skills to</p> <p>25 interpret this and that it would be left up to the</p>

Exam./Weisberg - William C. McCauley, M.D.

<p style="text-align: right;">46</p> <p>1 attorneys that created the contract. He then went on to</p> <p>2 say, quote, when I finished the quota of work you assign</p> <p>3 me to, should I take a vacation. It doesn't indicate in</p> <p>4 these minutes what the response was. What was the</p> <p>5 response to Dr. Barot's question about what should he do</p> <p>6 when he finishes the quota of work?</p> <p>7 A. I do not recall beyond this. There may not</p> <p>8 have been a response. I do not know.</p> <p>9 Q. Do you recall Dr. Barot posing that question?</p> <p>10 A. Not other than what's written here.</p> <p>11 Q. It goes on to say, Dr. Barot stated that he</p> <p>12 is aware that there has never been a denial for</p> <p>13 additional compensation and this could be setting a</p> <p>14 precedent. Was that a true statement? It doesn't say</p> <p>15 where Dr. Barot got that information. But was his</p> <p>16 statement true in terms of there had never been a denial</p> <p>17 for additional compensation?</p> <p>18 A. I'm not aware of where he would have gotten</p> <p>19 that information, nor am I aware of it being true or</p> <p>20 not.</p> <p>21 Q. In your experience in attending compensation</p> <p>22 committee meetings other than involving Dr. Barot was</p> <p>23 there any -- ever any denial for additional compensation</p> <p>24 that was presented in the physician compensation</p> <p>25 committee?</p>	<p style="text-align: right;">48</p> <p>1 to answer that question even as a yes or no question,</p> <p>2 I'll be on the record saying what I said yesterday which</p> <p>3 is that's an issue I would take to Judge Brann. We</p> <p>4 would get a ruling from him. If he indicates that the</p> <p>5 witness would be compelled to respond, I would reserve</p> <p>6 the right to recall this witness.</p> <p>7 MR. BLUTH: Your question is up until --</p> <p>8 MR. WEISBERG: Well, she can reread the</p> <p>9 question.</p> <p>10 MR. BLUTH: I'm sure she could. Your</p> <p>11 question is, as I understand it that --</p> <p>12 MR. WEISBERG: I want the question as I</p> <p>13 stated it. I don't want it restated by you.</p> <p>14 MR. BLUTH: Well, I want to make sure I</p> <p>15 understand your question.</p> <p>16 MR. WEISBERG: Well, but she can reread</p> <p>17 it. Then you can make sure you understand it. I mean,</p> <p>18 the question will be exactly as I asked.</p> <p>19 MR. BLUTH: Okay.</p> <p>20 MR. WEISBERG: I mean, you can say</p> <p>21 whatever you want now, but what is going to happen is</p> <p>22 I'm going to ask her to reread the question and ask the</p> <p>23 witness to respond to it.</p> <p>24 MR. BLUTH: Well, that's fine.</p> <p>25 MR. WEISBERG: Okay. Should we do that?</p>
<p style="text-align: right;">47</p> <p>1 MR. BLUTH: Objection. Decisions made by</p> <p>2 the compensation committee if there were any regarding</p> <p>3 specific physicians relative to the work done by those</p> <p>4 physicians and the contract then and there existing</p> <p>5 relative to those physicians is irrelevant and unlikely</p> <p>6 to lead to any evidence that might be discoverable</p> <p>7 relative to Dr. Barot's contract and the decision that</p> <p>8 was made relative to Dr. Barot's contract.</p> <p>9 MR. WEISBERG: Okay. We had this</p> <p>10 discussion yesterday, so are you-- I'm posing the</p> <p>11 question.</p> <p>12 MR. BLUTH: And for the reasons I just</p> <p>13 described and for the reasons I put on the record</p> <p>14 yesterday I'm instructing the witness not to answer that</p> <p>15 question.</p> <p>16 MR. WEISBERG: Well, in our discussion</p> <p>17 yesterday that question was answered.</p> <p>18 MR. BLUTH: Well, I don't have a specific</p> <p>19 recollection of that. Without the transcript in front</p> <p>20 of me, I wouldn't necessarily agree.</p> <p>21 MR. WEISBERG: It was answered as a yes</p> <p>22 or no question.</p> <p>23 MR. BLUTH: Not that question.</p> <p>24 MR. WEISBERG: Yes, it was. I mean, for</p> <p>25 the record, if you're going to instruct this witness not</p>	<p style="text-align: right;">49</p> <p>1 MR. BLUTH: Okay.</p> <p>2 MR. WEISBERG: Can you reread my last</p> <p>3 question.</p> <p>4 (The court reporter read back the</p> <p>5 previous question.)</p> <p>6 MR. BLUTH: Is your question borne out of</p> <p>7 this exhibit that you're using?</p> <p>8 MR. WEISBERG: It's just a question.</p> <p>9 MR. BLUTH: Well, if you wish to limit</p> <p>10 your question to Dr. McCauley's knowledge, if any, as of</p> <p>11 May 14, 2010.</p> <p>12 MR. WEISBERG: That question-- Can you</p> <p>13 reread the question again, please.</p> <p>14 (The court reporter read back the</p> <p>15 previous question.)</p> <p>16 MR. WEISBERG: That question is not</p> <p>17 limited in time, and that question stands.</p> <p>18 A. Not limited in time up until the present day?</p> <p>19 MR. WEISBERG: Correct.</p> <p>20 MR. BLUTH: Well, how does anything that</p> <p>21 happened after Barot's -- Dr. Barot's -- the decisions</p> <p>22 that the committee made relative to Dr. Barot have</p> <p>23 anything to do with this matter at all or your exercise</p> <p>24 in testing the content of this exhibit?</p> <p>25 MR. WEISBERG: That question has nothing</p>

Exam./Weisberg - William C. McCauley, M.D.

<p style="text-align: right;">50</p> <p>1 to do with this exhibit. It's detached from this</p> <p>2 exhibit. And at great issue is the policy and</p> <p>3 procedures of the compensation committee which have been</p> <p>4 ill defined at best.</p> <p>5 MR. BLUTH: Well, I disagree with that</p> <p>6 characterization.</p> <p>7 MR. WEISBERG: Well, nonetheless, they've</p> <p>8 been ill defined at best, and apparently the physician</p> <p>9 compensation committee runs by its own rules based on</p> <p>10 the minutes of any particular meeting. So the</p> <p>11 discussions and what happens is very relevant.</p> <p>12 MR. BLUTH: Well, I don't agree with your</p> <p>13 statement, and I think your question that you have</p> <p>14 presently on the table is not directed to that issue</p> <p>15 anyhow. So, again, so I understand, your question is</p> <p>16 whether at any point in time Dr. McCauley is aware</p> <p>17 whether the compensation committee has denied a</p> <p>18 physician's request for excess compensation?</p> <p>19 MR. WEISBERG: It's exactly as stated. I</p> <p>20 mean, if that's-- That sounds correct.</p> <p>21 MR. BLUTH: Do you have any such</p> <p>22 knowledge, yes or no, Doctor?</p> <p>23 A. My personal recollection is that I have been</p> <p>24 to several compensation committees where great question</p> <p>25 has been raised about awarding amounts over the 90th</p>	<p style="text-align: right;">52</p> <p>1 letter is in follow-up to your call on May 15th, 2010</p> <p>2 which would you agree with me seems to indicate a call</p> <p>3 between Mr. Johnson and Dr. Barot?</p> <p>4 A. I would interpret it that way, yes.</p> <p>5 Q. I'm assuming that you were not on that call.</p> <p>6 Is that correct?</p> <p>7 A. I do not recall being on a call of that</p> <p>8 nature.</p> <p>9 Q. Did Mr. Johnson talk to you at all about a</p> <p>10 phone call he had with Dr. Barot on May 15th, 2010?</p> <p>11 A. That I don't recall either, no.</p> <p>12 Q. In the next to last paragraph of the letter</p> <p>13 it says, based upon Dr. Barot's contract, his</p> <p>14 compensation would be eligible for consideration at the</p> <p>15 first meeting following completion of the 12-month</p> <p>16 financial analysis. It says, assuming the analysis is</p> <p>17 completed within 30 days of the close of 12 months</p> <p>18 following your start date, your case will be reviewed in</p> <p>19 September or October of 2010. Do you see that?</p> <p>20 A. Yes.</p> <p>21 Q. To your knowledge at that time, is that a</p> <p>22 statement that you would agree with, that Dr. Barot's</p> <p>23 case would have been reviewed in September or October of</p> <p>24 2010 assuming that the analysis was completed within 30</p> <p>25 days?</p>
<p style="text-align: right;">51</p> <p>1 percentile. And I do not recall any specific instances</p> <p>2 one way or the other. I cannot categorically say that</p> <p>3 all other requests have been answered in the</p> <p>4 affirmative.</p> <p>5 BY MR. WEISBERG:</p> <p>6 Q. I'm going to show you documents that have</p> <p>7 been marked D-181 and D-182 and ask you to take a look</p> <p>8 at those. It appears as if the -- there are at least</p> <p>9 two e-mails that you received as a copy that both</p> <p>10 reference a letter sent to Dr. Barot. Do you see that?</p> <p>11 A. Yes.</p> <p>12 Q. And do you see a letter on the second page,</p> <p>13 D-182, from Mr. Johnson to Dr. Barot dated May 17th,</p> <p>14 2010?</p> <p>15 A. Yes.</p> <p>16 Q. Are you familiar with this letter? Have you</p> <p>17 seen this letter before?</p> <p>18 A. Yes.</p> <p>19 Q. Did you have any discussion with Mr. Johnson</p> <p>20 about this letter or about the contents of the letter?</p> <p>21 A. I do not recall.</p> <p>22 Q. Did you ask Mr. Johnson to send a letter to</p> <p>23 Dr. Barot?</p> <p>24 A. Not that I recall.</p> <p>25 Q. The letter indicates, dear Dr. Barot, this</p>	<p style="text-align: right;">53</p> <p>1 A. Again, I can't speak to that. Sometimes the</p> <p>2 analysis takes longer. Sometimes the data gathering</p> <p>3 could take longer. So I would not necessarily agree</p> <p>4 with that, but.</p> <p>5 Q. Is there a typical time frame within which an</p> <p>6 individual's case is brought to the compensation</p> <p>7 committee following the period of their financial -- the</p> <p>8 financial period with which is being discussed?</p> <p>9 A. No, there's no set time. It's quite</p> <p>10 variable.</p> <p>11 Q. Now, Dr. Barot's case did not come before the</p> <p>12 compensation committee for the first time until</p> <p>13 March 10th of 2011 which is well beyond September or</p> <p>14 October of 2010. What was the reason for I'll call it a</p> <p>15 delay? I don't know if that's a fair characterization.</p> <p>16 Based on what Mr. Johnson represented, I'll characterize</p> <p>17 it as a delay. But what was the reason that -- for the</p> <p>18 lag in time between this September-October and the fact</p> <p>19 that Dr. Barot's case was not brought until March of</p> <p>20 2011?</p> <p>21 A. I don't know whether it had to do with the</p> <p>22 schedule of the committee or whether it had to do with</p> <p>23 the obtaining the appropriate documents. I do not know.</p> <p>24 Q. Did you personally make the request to the</p> <p>25 committee to put Dr. Barot's case on their agenda?</p>

Exam./Weisberg - William C. McCauley, M.D.

<p style="text-align: right;">54</p> <p>1 A. I don't recall that either. I believe at</p> <p>2 that time Mr. Turri made those requests. There have</p> <p>3 been times I have made requests to the committee, but I</p> <p>4 think it was subsequent to that date.</p> <p>5 Q. Did Mr. Turri ever discuss with you any delay</p> <p>6 that was being experienced between the close of</p> <p>7 Dr. Barot's first 12 months and getting his case before</p> <p>8 the compensation committee?</p> <p>9 A. I don't recall him discussing any delay. I</p> <p>10 think-- No, I don't recall any specific discussion</p> <p>11 about any delay. There were discussions about his RVU</p> <p>12 calculations that were ongoing that may have been</p> <p>13 unresolved.</p> <p>14 Q. And were you involved in those discussions</p> <p>15 regarding his RVUs?</p> <p>16 A. Yes.</p> <p>17 Q. What were those discussions?</p> <p>18 A. Well, again, I don't recall specific dates or</p> <p>19 specific items but that the conversation was around the</p> <p>20 appropriateness of some of his claims for RVUs that were</p> <p>21 unsubstantiated.</p> <p>22 Q. I'm going to show you documents marked D-186</p> <p>23 through D-192. The first page, D-186, appears to be an</p> <p>24 e-mail from Mr. Butterff to Mr. Turri copying you and</p> <p>25 Mr. Ruppert and referencing some attachments. Do you</p>	<p style="text-align: right;">56</p> <p>1 A. Well, Dr. Barot was claiming that -- claiming</p> <p>2 credit for RVU for a certain procedure conscious</p> <p>3 sedation that has a certain defined CPT code. That is a</p> <p>4 defined service code that he did not perform.</p> <p>5 Q. And when you say he did not perform those CPT</p> <p>6 codes, is that information that was provided to you from</p> <p>7 someone else? Is that based on your own independent</p> <p>8 research? Is that based on conversations with</p> <p>9 Dr. Barot? Where did you get that information that he</p> <p>10 did not perform those CPT codes?</p> <p>11 A. Based on information presented to me.</p> <p>12 Q. Do you recall by whom?</p> <p>13 A. Not specifically without documents.</p> <p>14 Q. Do you have knowledge either from your own</p> <p>15 experience as a physician or from discussions with</p> <p>16 Dr. Barot as to whether Dr. Barot performed conscious</p> <p>17 sedation during some or all of his procedures?</p> <p>18 A. Yes. It's commonly done by anyone performing</p> <p>19 endoscopy at that time and also bronchoscopies that I</p> <p>20 performed.</p> <p>21 Q. So Dr. Barot would have -- it would be common</p> <p>22 and routine for Dr. Barot to perform the conscious</p> <p>23 sedation as the physician?</p> <p>24 A. Yes.</p> <p>25 Q. So if it was presented to you that Dr. Barot</p>
<p style="text-align: right;">55</p> <p>1 see that?</p> <p>2 A. Yes.</p> <p>3 Q. Is that an e-mail that you recognize that you</p> <p>4 would have received in June?</p> <p>5 A. Yes.</p> <p>6 Q. Mr. Turri writes, I have attached Mike's</p> <p>7 calculation for Dr. Barot. This is through May 31st,</p> <p>8 2010. There is a file with conscious sedation, without</p> <p>9 conscious sedation, and an incentive calculation for</p> <p>10 both on one file, quote, based on his contract terms.</p> <p>11 Did you have any discussion at this time or in this time</p> <p>12 frame regarding Dr. Barot's contract terms and how they</p> <p>13 would have related to conscious sedation?</p> <p>14 A. I've had conversations about that, but I do</p> <p>15 not know if it was at this time frame.</p> <p>16 Q. Do you recall any more specifics about</p> <p>17 discussions involving conscious sedation calculations?</p> <p>18 A. To the best of my recollection, it was later</p> <p>19 than this, and it may have been in the period that you</p> <p>20 referenced earlier when his RVUs were being calculated</p> <p>21 for presentation to the compensation committee. I do</p> <p>22 not recall the exact dates. But I do recall discussion</p> <p>23 of Dr. Barot's claims for conscious sedation that were</p> <p>24 not substantiated and had to be sorted out.</p> <p>25 Q. What do you mean by not substantiated?</p>	<p style="text-align: right;">57</p> <p>1 did not perform CPT codes for conscious sedation-- Was</p> <p>2 it your understanding that Dr. Barot did not perform the</p> <p>3 CPT codes for conscious sedation that were being</p> <p>4 claimed?</p> <p>5 MR. BLUTH: Object to the form.</p> <p>6 BY MR. WEISBERG:</p> <p>7 Q. Do you understand my question?</p> <p>8 A. Please rephrase.</p> <p>9 Q. You had indicated that Dr. Barot was claiming</p> <p>10 RVU credit for procedures that he did not perform. At</p> <p>11 least in this e-mail it's talking about presenting a</p> <p>12 file with and without conscious sedation. So was it</p> <p>13 your understanding that Dr. Barot was seeking CPT codes</p> <p>14 for conscious sedation procedures which he did not</p> <p>15 perform?</p> <p>16 MR. BLUTH: Object to the form. But you</p> <p>17 can answer if you understand the question.</p> <p>18 A. Conscious sedation is included in endoscopy</p> <p>19 CPT codes for procedures such as colonoscopy. The CPT</p> <p>20 codes-- And that's included in the CPT code which</p> <p>21 Dr. Barot presented for billing. He also presented</p> <p>22 separate CPT codes for separate conscious sedation that</p> <p>23 is to be performed by a physician independently, not as</p> <p>24 part of the colonoscopy procedure. Those particular</p> <p>25 codes he did not perform. So we, you know, had to</p>

Exam./Weisberg - William C. McCauley, M.D.

<p style="text-align: right;">58</p> <p>1 adjudicate, you know, what form – which ones were 2 appropriate and which ones were not. If he met the 3 definition of the CPT code for that procedure, then we 4 would certainly have honored that.</p> <p>5 Q. I want to have you look back at Dr. Barot's 6 contract that we had looked at, packet of D-1 through – 7 A. Are we finished with this, Counsel? 8 Q. I'll take that back for the moment. If I 9 refer back to it, I'll give it back to you. We had 10 looked at D-1 through D-15. 11 A. Yes. 12 Q. And I'll ask you to take a look specifically 13 at Page D-15 – 14 A. Yes. 15 Q. – which is a list – represents itself to be 16 gastrointestinal relative value units 2007. Do you see 17 that? 18 A. Yes. 19 Q. Do you know where – who created this 20 particular sheet? 21 A. Specifically no. It was created at 22 Dr. Barot's request, but I'm not sure specifically by 23 whom. 24 Q. Now, I want to ask you specifically about the 25 two codes, 99144 and 99145, which relate to moderate</p>	<p style="text-align: right;">60</p> <p>1 that RVU score. The 99144 code is for conscious 2 sedation provided by someone assisting a procedure, not 3 the primary performer of the procedure. So he did 4 not – his claim for these RVUs did not meet the 5 definition of that CPT code.</p> <p>6 Q. Would there have been situations where 7 Dr. Barot would have been the person assisting in the 8 procedure performing the conscious sedation? 9 A. Not to my knowledge. 10 Q. And can you explain to me why these 11 particular codes are represented on this sheet which is 12 at a minimum attached to Dr. Barot's contract? 13 A. As I understand it, this was at his request. 14 Q. When did he make that request? 15 A. That I do not know. 16 Q. Was that prior to the contract being signed? 17 A. I do not know that date. I'm sorry. 18 Q. Do you know why that request was honored? 19 MR. BLUTH: The request to – 20 MR. WEISBERG: The request to put those 21 codes on this sheet. 22 A. I think only in the sense of wanting to be 23 collaborative with Dr. Barot, to work with him at his 24 request. I didn't know of any other reason. I think he 25 wanted the definition of what the main codes were and</p>
<p style="text-align: right;">59</p> <p>1 conscious sedation. Do you see those? 2 A. Yes. 3 Q. And you see that there's RVUs 1.28 and .52 4 respectively? 5 A. Right. 6 Q. Do you know where those values came from? 7 A. There is– At that time there was relative 8 value units – it says at the top, relative value units 9 2007. So there is a book of RVU values that's assigned 10 by CMS to CPT codes. And so I would– To the best of 11 my knowledge, these were obtained from that information. 12 Q. Now, is it consistent with your understanding 13 that the conscious sedation codes that were I'll call it 14 at issue were the 99144 and 99145 CPT codes? 15 A. Yes. 16 Q. Based on what you had just told me, is it 17 your – in your evaluation did Dr. Barot perform the 18 conscious sedation that is indicated by the I'll say 19 first the 99144 code when he would do a procedure such 20 as an endoscopy? 21 A. No. 22 Q. And why not? 23 A. Because conscious sedation is part of the 24 code for, for example, colonoscopy as outlined above 25 45378. So conscious sedation is included already in</p>	<p style="text-align: right;">61</p> <p>1 the RVU values assigned to those that he anticipated 2 that he might want to work with. That's my assumption.</p> <p>3 Q. Did you ever make it clear to him prior to 4 his contract coming into effect that you did not believe 5 that he would ever perform the CPT codes 99144 and 99145 6 based upon the definition you gave me? 7 A. No. I assume if he did that as part of a 8 collaborative arrangement that that would be something 9 he would do. I don't know that he wouldn't do it. 10 Q. And if I asked this already, I apologize, but 11 do you know who agreed to put those particular codes on 12 this sheet that we're looking at? 13 A. No. 14 Q. At what point, if any, did you tell Dr. Barot 15 directly yourself that you did not believe that those 16 two codes were going to be included in his compensation? 17 A. I do not recall. I don't know if I 18 personally did myself or not. I don't know. 19 Q. Do you recall if you were ever in the 20 presence when somebody else specifically told Dr. Barot 21 that those codes would not be included in his 22 compensation? 23 A. I do not know that I was in anyone else's 24 presence. It is my belief that he was informed of that, 25 but I do not know specifically by whom or when.</p>

Exam./Weisberg - William C. McCauley, M.D.

<p style="text-align: right;">62</p> <p>1 Q. Did you ever have any discussion with 2 Dr. Barot regarding his documentation of performing 3 conscious sedation? 4 A. No. 5 Q. Were you in the presence of anyone else 6 whoever informed Dr. Barot of his -- any deficiencies in 7 his documenting conscious sedation? 8 A. Not that I recall, but I do not know. 9 Q. Do you have any firsthand familiarity with 10 the billing process for billing conscious sedation? 11 A. No. 12 Q. In your opinion based on what you told me, is 13 it your opinion that regardless of whether Dr. Barot 14 properly documented the time that he was doing conscious 15 sedation or not in procedures in which he was doing the 16 full procedure that it would have been irrelevant to the 17 compensability for those particular CPT codes? Does 18 that make sense? 19 MR. BLUTH: Object to the form of your 20 question, although I'll allow the witness to answer it 21 if he understands. But more particularly -- 22 A. I -- 23 MR. BLUTH: Hold on a second, 24 Dr. McCauley. Your question asks for an opinion, and as 25 I think we can agree, he should respond only to the</p>	<p style="text-align: right;">64</p> <p>1 Susquehanna Health was that it didn't matter how well 2 documented the start and stop times would have been, 3 even if they were perfectly documented, it sounds like 4 your opinion at that time was that they were not 5 compensable regardless. Is that -- 6 A. That's correct. I mean, if he was, you know, 7 not performing the procedure as defined in the CPT code 8 manual 99144 or 99145, then he could not bill for that 9 procedure. 10 Q. And so you're relying and to that regard on 11 the CPT code manual? 12 A. Yes. I mean, that's -- that defines what a 13 procedure is. 14 Q. I'm going to show you documents D-193 and 15 D-194 which appear to be a string of e-mails that at 16 least the ones on the second page and the bottom one of 17 the first page were either to or from you. Do you see 18 that? 19 A. Yes. 20 Q. Do these appear to be e-mails that you would 21 have sent or received, at least the ones that have your 22 name on it? 23 A. Yes. 24 Q. And on the top e-mail on the second page it 25 looks like you wrote to Jim, Mike, and Brian, why are</p>
<p style="text-align: right;">63</p> <p>1 extent he had an opinion in the time frame that your 2 question -- or that your prior questions related to and 3 not an opinion he may have formed later in time and 4 certainly not anything that Dr. McCauley and I had 5 discussed once the lawsuit was filed. 6 BY MR. WEISBERG: 7 Q. I'm certainly not interested in anything you 8 discussed with counsel. I'm interested in what your 9 opinion was in the time frame when Dr. Barot was working 10 for Susquehanna Health. 11 A. I wonder if you could restate the question. 12 Q. Yeah. I'm going to go about it a long way 13 just so you maybe better understand what I'm asking. 14 There was some discussion amongst I think possibly other 15 parties, maybe not including you, about Dr. Barot's 16 documentation of the times that he would have, for 17 instance, started and stopped conscious sedation during 18 a procedure and whether -- 19 A. That he was performing? 20 Q. That he was performing. And that there was 21 discussion in at least the paper record about it being 22 difficult to calculate what the CPT code amounts would 23 be for 99144 and 99145 assuming they were compensable. 24 And my question to you was that it sounds like your 25 opinion in that time frame when Dr. Barot worked for</p>	<p style="text-align: right;">65</p> <p>1 you doing calculations with and without conscious 2 sedation, what is the contractual agreement. Do you see 3 that? 4 A. Yes. 5 Q. When you posed that question, had you gone 6 back and reviewed Dr. Barot's contract yourself prior to 7 posing that question? 8 A. No. 9 Q. And then Mr. Turri on the first page 10 responded bottom of the first page, I told them to do 11 this because he gets the RVUs but we don't get 12 reimbursed for it. 13 At that point in time when you got that 14 response did you agree with that statement by Mr. Turri, 15 the statement that he gets the RVUs but we don't get 16 reimbursed for it? 17 MR. BLUTH: You're asking him whether on 18 June 7, 2008 he had formed -- 19 MR. WEISBERG: 2010. 20 A. 2010. 21 MR. BLUTH: Excuse me, 2010 Dr. McCauley 22 recalls receiving this and then recalls forming an 23 opinion on whether that was correct? 24 MR. WEISBERG: Did he have opinion when 25 he received that e-mail and read it whether he agreed</p>

Exam./Weisberg - William C. McCauley, M.D.

<p style="text-align: right;">66</p> <p>1 with that statement that --</p> <p>2 A. Right. I can answer that. I don't recall.</p> <p>3 I don't recall other than what's written here an</p> <p>4 opinion.</p> <p>5 BY MR. WEISBERG:</p> <p>6 Q. And it goes on to say, the contract does not</p> <p>7 specifically address it one way or the other, so I</p> <p>8 wanted to see the difference. Do you recall when you</p> <p>9 read that if that's something you agreed with in terms</p> <p>10 of the contract interpretation?</p> <p>11 A. No, I do not recall. I certainly have an</p> <p>12 opinion now. I don't recall having any opinion at that</p> <p>13 time.</p> <p>14 Q. Did you go back at that time and look at the</p> <p>15 contract?</p> <p>16 A. No, I did not.</p> <p>17 Q. At some time -- at any time between the time</p> <p>18 that Mr. Turri wrote this e-mail in June of 2010 and the</p> <p>19 time that in May of 2011 when Dr. Barot's case was</p> <p>20 brought to the compensation committee did you form an</p> <p>21 opinion as to what the contract -- what Dr. Barot's</p> <p>22 contract said with respect to the RVUs for conscious</p> <p>23 sedation? And I guess I don't want to ask based on what</p> <p>24 you were told by counsel, anything independent of --</p> <p>25 A. Right, I understand. There is no definition</p>	<p style="text-align: right;">68</p> <p>1 I mean, my question is this, what documentation could</p> <p>2 Dr. Barot have provided based on the procedures that</p> <p>3 Dr. McCauley knows he performed that would have</p> <p>4 persuaded him that those codes were compensable.</p> <p>5 MR. BLUTH: Your question assumes that</p> <p>6 the witness knows all of the procedures --</p> <p>7 MR. WEISBERG: I'm talking about the</p> <p>8 procedures that he knows were performed, for instance,</p> <p>9 endoscopies where Dr. Barot was the primary doctor doing</p> <p>10 the endoscopy.</p> <p>11 MR. BLUTH: Okay. So with that</p> <p>12 clarification, I think his question is, is there any</p> <p>13 such documentation.</p> <p>14 BY MR. WEISBERG:</p> <p>15 Q. That could have been provided that would have</p> <p>16 persuaded you that Dr. Barot should have been granted</p> <p>17 CPT RVU values for --</p> <p>18 A. Yes. If he had performed services as defined</p> <p>19 by the CPT codes, we certainly would have -- that would</p> <p>20 have allowed us to give him RVU credit for that. We're</p> <p>21 trying to be fair with Dr. Barot and fair to the</p> <p>22 organization. So, you know, we would certainly have</p> <p>23 honored him performing those services if he performed</p> <p>24 them, but he did not.</p> <p>25 Q. But you told me he performed the conscious</p>
<p style="text-align: right;">67</p> <p>1 in the contract about what services he will receive RVUs</p> <p>2 for. It just simply states, you know, based on his</p> <p>3 productivity we will calculate it based on an RVU</p> <p>4 method. So that's the contract and then as a matter of</p> <p>5 him presenting his documentation to provide -- provide</p> <p>6 appropriate documentation to perform the services.</p> <p>7 Q. And when you say providing appropriate</p> <p>8 documentation --</p> <p>9 A. It would be a clinical record.</p> <p>10 Q. -- is there any documentation that Dr. Barot</p> <p>11 could have provided you based on the procedures that you</p> <p>12 know he performed that would have persuaded you that he</p> <p>13 should be granted RVUs for the sedation codes?</p> <p>14 MR. BLUTH: Objection. That calls for</p> <p>15 speculation. And whether something that didn't occur</p> <p>16 might have occurred and whether Dr. McCauley's opinion</p> <p>17 which he might have had might have been different is an</p> <p>18 unfair question in a deposition.</p> <p>19 MR. WEISBERG: I would disagree. I'm not</p> <p>20 asking for speculation.</p> <p>21 MR. BLUTH: You are.</p> <p>22 MR. WEISBERG: No, I'm not.</p> <p>23 MR. BLUTH: You're asking him --</p> <p>24 MR. WEISBERG: I can ask a hypothetical</p> <p>25 as well. I'm perfectly entitled to ask a hypothetical.</p>	<p style="text-align: right;">69</p> <p>1 sedation.</p> <p>2 A. As part of colonoscopy, as defined by the CPT</p> <p>3 code for colonoscopy.</p> <p>4 Q. You also told me that you never would</p> <p>5 envision a situation where he would be the assisting</p> <p>6 person providing the sedation.</p> <p>7 A. I didn't-- No. I said that if he had been</p> <p>8 then he could be compensated for that.</p> <p>9 Q. But is there any single procedure that</p> <p>10 Dr. Barot would have been the primary doctor doing the</p> <p>11 procedure and been the assisting person doing the</p> <p>12 sedation?</p> <p>13 MR. BLUTH: Object to the form of the</p> <p>14 question. But you can answer if you understand it.</p> <p>15 A. I do not know of a procedure-- I do not</p> <p>16 know. I don't know if there's a procedure that</p> <p>17 specifically without looking at the manual that does not</p> <p>18 include conscious sedation that would be billed as a</p> <p>19 separate service. So to the extent that he performed</p> <p>20 services that do not include conscious sedation as</p> <p>21 defined by that procedure, then it could be billed as a</p> <p>22 separate service. But I do not know what procedure that</p> <p>23 would be.</p> <p>24 BY MR. WEISBERG:</p> <p>25 Q. Do you know if the codes that are-- Do you</p>

Exam./Weisberg - William C. McCauley, M.D.

<p style="text-align: right;">70</p> <p>1 still have the contract?</p> <p>2 A. No.</p> <p>3 Q. And I'm not a doctor, so I probably say</p> <p>4 things that are stupid, but the surgery codes, are those</p> <p>5 the general main procedures that Dr. Barot would have</p> <p>6 performed?</p> <p>7 A. Some of them, not all.</p> <p>8 Q. Are those the procedures that would have</p> <p>9 generated CPT codes that would be associated with RVUs?</p> <p>10 A. These procedures would be associated with</p> <p>11 RVUs, that's correct. They're listed there.</p> <p>12 Q. Can you tell me any other procedures that</p> <p>13 Dr. Barot would have performed that would not be listed</p> <p>14 on this sheet?</p> <p>15 A. I know he performed other procedures. I do</p> <p>16 not know the full scope of all the procedures he</p> <p>17 performed.</p> <p>18 Q. Can you give me examples of procedures that</p> <p>19 he would have performed that aren't listed here?</p> <p>20 A. One I can think of is ERCP.</p> <p>21 Q. And what does that mean? What's ERCP?</p> <p>22 A. Endoscopic retrograde pancreatic --</p> <p>23 DR. BAROT: Cholangio --</p> <p>24 A. Cholangiography.</p> <p>25 DR. BAROT: Cholangiopancreatography.</p>	<p style="text-align: right;">72</p> <p>1 Q. Dr. McCauley, I want to show you documents</p> <p>2 that have been marked D-199 through D-201 which is a</p> <p>3 series of three e-mails. Sequentially they start on it</p> <p>4 looks like D-200 with an e-mail from you to a number of</p> <p>5 individuals dated July 12th, 2010 and followed up by two</p> <p>6 others on the first page. You can take your time to</p> <p>7 look at these. My first question is, do these appear to</p> <p>8 be e-mails that you either sent or received in</p> <p>9 July 2010?</p> <p>10 A. Yes.</p> <p>11 Q. I want to look first at the e-mail that you</p> <p>12 sent on D-200 which is from July 12th. It's from you.</p> <p>13 It says, hello all, and it references a one-hour meeting</p> <p>14 you had with Dr. Barot. And you talk about some of the</p> <p>15 things from that meeting. As we sit here, do you have</p> <p>16 an independent recollection of the meeting with</p> <p>17 Dr. Barot --</p> <p>18 A. No.</p> <p>19 Q. -- from July? No?</p> <p>20 A. Not other than is stated here, no.</p> <p>21 Q. A couple of the points you raise in your list</p> <p>22 that starts, here's how he sees it, Number 4 you say</p> <p>23 that Dr. Barot says is it reasonable to fire someone</p> <p>24 before you let him know what needs to be corrected. I</p> <p>25 have been here less than one year and had no formal</p>
<p style="text-align: right;">71</p> <p>1 A. Yeah, right.</p> <p>2 BY MR. WEISBERG:</p> <p>3 Q. Fair enough. Not that that means anything to</p> <p>4 me anyway. So if Dr. Barot had performed that</p> <p>5 procedure, would he have received surgery procedure CPT</p> <p>6 codes for that procedure?</p> <p>7 A. Yes, sir.</p> <p>8 Q. Under what -- where on this sheet would that</p> <p>9 fall?</p> <p>10 A. Well, I do not think this sheet was meant to</p> <p>11 be inclusive. I don't know that this is inclusive or</p> <p>12 Dr. Barot would agree that it's inclusive. I think</p> <p>13 there are procedures and other types of work for which</p> <p>14 he billed CPT codes that are not listed here.</p> <p>15 Q. Now, if Dr. Barot did an ERCP and he were the</p> <p>16 primary physician performing it and he also did the</p> <p>17 sedation, would that have been included in that CPT</p> <p>18 code?</p> <p>19 A. I would have to look at the manual to see.</p> <p>20 Everything is defined, so we just go by the definition</p> <p>21 of the service, and if he performed it, then fine. If</p> <p>22 not, not.</p> <p>23 MR. BLUTH: Off the record.</p> <p>24 (Recess taken)</p> <p>25 BY MR. WEISBERG:</p>	<p style="text-align: right;">73</p> <p>1 evaluation or performance review yet. Did you respond</p> <p>2 to that particular question Dr. Barot posed in that</p> <p>3 meeting?</p> <p>4 A. Not that I recall. And I would say that all</p> <p>5 these things pertained to his medical directorship which</p> <p>6 was not under my purview. This is a hospital</p> <p>7 appointment. So to the extent that he was involving me,</p> <p>8 you know, I was wanting to give the team representing</p> <p>9 him what he saw as problems in his medical directorship</p> <p>10 as stated to me, and I was just giving them information</p> <p>11 from him.</p> <p>12 Q. Did you have any involvement in your role as</p> <p>13 president of SHMG as to who was appointed medical</p> <p>14 director and over which hospitals?</p> <p>15 A. No.</p> <p>16 Q. Was your input ever sought as to whether, you</p> <p>17 know, one individual should be medical director at one</p> <p>18 facility or another?</p> <p>19 A. Not specifically that I recall although to</p> <p>20 the extent that being medical director it might take</p> <p>21 time away from a practice. I would be consulted about</p> <p>22 the appropriateness of involving a physician as medical</p> <p>23 director as it might affect their medical practice, but</p> <p>24 that was really all. That was just my opinion. It was</p> <p>25 not certainly actionable.</p>

Exam./Weisberg - William C. McCauley, M.D.

<p style="text-align: right;">74</p> <p>1 Q. You're familiar -- are you familiar with the</p> <p>2 fact that Dr. Barot was at least at one point medical</p> <p>3 director of gastroenterology for Divine Providence</p> <p>4 Hospital?</p> <p>5 A. Yes.</p> <p>6 Q. And are you aware that that contract was</p> <p>7 terminated at some point before Dr. Barot left his</p> <p>8 overall physician employment?</p> <p>9 A. Yes.</p> <p>10 Q. Were you consulted at all by the folks who</p> <p>11 would have had control over who would have been medical</p> <p>12 director about the decision to terminate Dr. Barot's</p> <p>13 medical director contract?</p> <p>14 A. Not specifically. I know -- I was aware of</p> <p>15 conversations about that discussion, but not</p> <p>16 specifically in terms of the decision maker.</p> <p>17 Q. Were you involved in the discussions to bring</p> <p>18 in Dr. Schaefer as a medical director?</p> <p>19 A. To the extent that we were recruiting a</p> <p>20 second gastroenterologist and as such the</p> <p>21 appropriateness of whether that new person could be a</p> <p>22 medical director.</p> <p>23 Q. Did you have any discussions or were you</p> <p>24 involved in the process of determining which hospitals</p> <p>25 or entities Dr. Barot or Dr. Schaefer would be medical</p>	<p style="text-align: right;">76</p> <p>1 Practice Plan August 9th, 2010. However, in the first</p> <p>2 paragraph it refers to a special meeting that was held</p> <p>3 on June 11, 2010. And it looks like at least according</p> <p>4 to this document you were present at that meeting along</p> <p>5 with some other individuals. You can take time to look</p> <p>6 at that if you'd like. I have some specific questions,</p> <p>7 first being is were you, in fact, present in that</p> <p>8 meeting on June 11th, 2010 with these individuals?</p> <p>9 A. I don't recall specifically the meeting, but,</p> <p>10 you know, I agree that my name is here and that I,</p> <p>11 therefore, at least according to the documents was</p> <p>12 there.</p> <p>13 Q. Without looking at the notes, do you have any</p> <p>14 independent recollections of what occurred at that</p> <p>15 meeting?</p> <p>16 A. No, sir.</p> <p>17 Q. It indicates in the header paragraph that a</p> <p>18 plan had been developed to be presented to Dr. Barot by</p> <p>19 members of the aforementioned team. And there's</p> <p>20 responsible people listed for some of the areas of</p> <p>21 concern. And I just wanted to ask you about a couple of</p> <p>22 those. On the second page the fifth one down talks</p> <p>23 about accurate and timely documentation for all patient</p> <p>24 encounters and lists yourself along with Mr. Buttorff</p> <p>25 and Ms. Campbell as the responsible people. Do you see</p>
<p style="text-align: right;">75</p> <p>1 director of?</p> <p>2 A. No.</p> <p>3 Q. Do you know why Dr. Barot was medical</p> <p>4 director of Divine Providence and Dr. Schaefer was</p> <p>5 medical director of Divine Providence, Williamsport, and</p> <p>6 I think one other hospital?</p> <p>7 A. No.</p> <p>8 Q. Do you have any knowledge of why the terms</p> <p>9 of -- any terms of Dr. Schaefer's medical director</p> <p>10 contract would have been different from any of the terms</p> <p>11 of Dr. Barot's contract?</p> <p>12 A. No.</p> <p>13 Q. So I assume if we looked at the contract you</p> <p>14 would not be able to opine on any of those differences</p> <p>15 even if we looked at it?</p> <p>16 A. No. I mean, that was a hospital contract. I</p> <p>17 will say that I did -- I was a signatory on some of the</p> <p>18 contracts because SHMG had to agree to having their</p> <p>19 physician serve in that role. So we were-- As the</p> <p>20 employer of the physician, we had the contract with the</p> <p>21 hospital for that physician to do that. So my name may</p> <p>22 be on some of those contracts representing the medical</p> <p>23 group.</p> <p>24 Q. I want to hand you documents which have been</p> <p>25 marked D-273 through D-275. It's entitled, Dr. Barot</p>	<p style="text-align: right;">77</p> <p>1 that?</p> <p>2 A. Yes.</p> <p>3 Q. Did you personally take any action with</p> <p>4 respect to trying to fulfill the actions indicated on</p> <p>5 this chart?</p> <p>6 A. Yes.</p> <p>7 Q. And what did you do?</p> <p>8 A. I received information from the practices and</p> <p>9 met with Dr. Barot on several occasions presenting his</p> <p>10 electronic medical records from the office to him</p> <p>11 pointing out what I consider to be problems with his</p> <p>12 documentation. We also received complaint letters from</p> <p>13 patients claiming that he did not perform services for</p> <p>14 which he documented which I reviewed with him.</p> <p>15 There were duplications in his record in the</p> <p>16 sense that a patient might come in for a second visit</p> <p>17 and all of the vital signs would be exactly the same as</p> <p>18 the first visit. So there was a lot of cut and paste</p> <p>19 going on from his one record to the next that I told him</p> <p>20 was inappropriate and that he needed to document</p> <p>21 completely with each visit what needed to be done.</p> <p>22 There were -- it's follow-up visits with regard to the</p> <p>23 cut and paste, no full office visits with the exact same</p> <p>24 documentation as the initial visit.</p> <p>25 And I clarified with him that if he did not</p>

<p style="text-align: right;">78</p> <p>1 perform a complete examination, for example, at the</p> <p>2 second visit it shouldn't be documented that way. So</p> <p>3 there were a number of meetings and issues around his</p> <p>4 documentation that were held.</p> <p>5 Q. Did you ever have in any of those meetings</p> <p>6 any specific discussions regarding documentation of the</p> <p>7 conscious sedation codes that we had talked about,</p> <p>8 99144, 99145?</p> <p>9 A. Not that I recall. I think that this refers</p> <p>10 to the accurate and timely documentation for his patient</p> <p>11 encounters rather than procedures.</p> <p>12 Q. I'm going to ask you to look at D-241 through</p> <p>13 D-246 which appears to be a memo to Dr. Barot from</p> <p>14 Mr. Turri copying you and Mr. Buttorff dated</p> <p>15 December 2nd, 2010 and ask you to take a look at that</p> <p>16 and tell me if you are familiar with that document.</p> <p>17 A. I have seen it, yes.</p> <p>18 Q. I understand that Mr. Turri sent it and</p> <p>19 copied you. Did you have any-- Did you instruct</p> <p>20 Mr. Turri to send this particular memo to Dr. Barot?</p> <p>21 A. Not that I recall. This would be</p> <p>22 Mr. Turri's-- In his role as chief operating officer</p> <p>23 for the medical group this would have been in his role</p> <p>24 to do.</p> <p>25 Q. Did you have any discussions with him about</p>	<p style="text-align: right;">80</p> <p>1 else say anything to you that they had expected this?</p> <p>2 A. No.</p> <p>3 Q. Did you have any discussions with Dr. Barot</p> <p>4 after you received -- after you got notice of this</p> <p>5 particular letter, discussions about this letter? I</p> <p>6 don't mean ever.</p> <p>7 A. Not that I recall.</p> <p>8 Q. I'm going to show you a document which has</p> <p>9 been marked Barot 550 which is a letter dated March 9th,</p> <p>10 2011 withdrawing the termination from March 7th, 2011,</p> <p>11 ask you to take a look and tell me if you are familiar</p> <p>12 with that document.</p> <p>13 A. Yes.</p> <p>14 Q. And did Mr. Johnson make you aware that he</p> <p>15 had received this letter as well?</p> <p>16 A. Yes, I believe so.</p> <p>17 Q. Did you have any further discussion with</p> <p>18 Mr. Johnson about this letter when he indicated that he</p> <p>19 had received it?</p> <p>20 A. I was delighted. You know, we were -- I was</p> <p>21 working with Dr. Barot to help bolster his practice,</p> <p>22 find a way for him to work with Dr. Schaefer as a</p> <p>23 collaborative arrangement, to expand our services to the</p> <p>24 community with Dr. Schaefer and Dr. Barot. As a medical</p> <p>25 group, we felt for some time that we had the ability to</p>
<p style="text-align: right;">79</p> <p>1 the content of the memo I guess either before or after</p> <p>2 you received it?</p> <p>3 A. Not that I recall.</p> <p>4 Q. I'm going to ask you to look at documents</p> <p>5 which have been marked Barot 547 to Barot 549 which</p> <p>6 appear to be a letter dated March 7, 2011 addressed to</p> <p>7 Mr. Johnson with a subject of Dr. Barot's 90-day notice</p> <p>8 to terminate. Understanding that you were neither the</p> <p>9 recipient or a cc recipient, I just wanted to ask you if</p> <p>10 you're familiar with that particular letter at all.</p> <p>11 A. Yes, I've seen this.</p> <p>12 Q. Do you recall when you first saw that</p> <p>13 particular letter?</p> <p>14 A. I believe I saw it as soon as Mr. Johnson</p> <p>15 received it. I believe he made me aware.</p> <p>16 Q. Prior to becoming aware of this letter being</p> <p>17 received by Mr. Johnson, did you have any particular</p> <p>18 knowledge that Dr. Barot was intending to turn in his</p> <p>19 notice to terminate employment?</p> <p>20 A. Absolutely not.</p> <p>21 Q. Had anyone else told you that they had reason</p> <p>22 to believe that Dr. Barot would be terminating his</p> <p>23 employment?</p> <p>24 A. No.</p> <p>25 Q. After this letter was received, did anyone</p>	<p style="text-align: right;">81</p> <p>1 expand our services with additional physicians. I had</p> <p>2 acquainted Dr. Barot with that on previous discussions.</p> <p>3 And so we wanted to work with Dr. Barot to have him stay</p> <p>4 with us. So I was very happy to receive this, to know</p> <p>5 of this.</p> <p>6 Q. Did you have any discussions with Dr. Barot</p> <p>7 after seeing this about, you know, what happened or why</p> <p>8 did he, you know, send his notice and withdrawal,</p> <p>9 anything of that nature?</p> <p>10 A. I may have, but I don't recall specifically</p> <p>11 any conversations.</p> <p>12 Q. I'm going to show you documents which have</p> <p>13 been marked D-20 through D-25 which appear to be</p> <p>14 compensation committee meeting minutes from March 10th,</p> <p>15 2011 in which it appears as if you were a guest in</p> <p>16 attendance. You can take time to look over those if</p> <p>17 you'd like. My first question is, do you recall</p> <p>18 attending a compensation meeting on March 10th, 2011 to</p> <p>19 discuss Dr. Barot's compensation?</p> <p>20 A. I recall only in the sense of, you know,</p> <p>21 being named in this document. I recall being at a</p> <p>22 meeting about Dr. Barot's compensation at the</p> <p>23 compensation committee.</p> <p>24 Q. Did you make a presentation on Dr. Barot's</p> <p>25 behalf in this meeting?</p>

Exam./Weisberg - William C. McCauley, M.D.

<p style="text-align: right;">82</p> <p>1 A. I do not recall specifically, although I see</p> <p>2 on Page 2 of this document that it is mentioned that</p> <p>3 Mr. Turri and Dr. McCauley referred to Pages 2 and 7 of</p> <p>4 the plan document. As I best recall, Mr. Turri led the</p> <p>5 discussion, but I may have contributed.</p> <p>6 Q. In the discussion on page -- the second page</p> <p>7 which you are I think referencing where it starts,</p> <p>8 Dr. Barot excess compensation, do you see that?</p> <p>9 A. Yes. In the middle of the page?</p> <p>10 Q. Yes. It says about three lines down,</p> <p>11 Mr. Turri indicated that the additional compensation</p> <p>12 requested by Dr. Barot of \$160,560 is over the 90th</p> <p>13 percentile. My question is, did Dr. Barot ever tell you</p> <p>14 that he was requesting \$160,560?</p> <p>15 A. No.</p> <p>16 Q. Do you know where that number came from?</p> <p>17 A. It came from Mr. Turri's calculations based</p> <p>18 on the RVU -- the final RVU number that was finally</p> <p>19 derived as being representing Mr. Barot's work.</p> <p>20 Q. And is that -- we had had I'll characterize</p> <p>21 it as a, I don't know, moderately lengthy discussion</p> <p>22 about how you felt that Dr. Barot's compensation and</p> <p>23 RVUs should be calculated. Was that number based on the</p> <p>24 analysis that you had given me earlier?</p> <p>25 A. I don't recall specifically. I do know there</p>	<p style="text-align: right;">84</p> <p>1 committee was not made aware of the fact that there had</p> <p>2 been some discussion and potentially dispute as to what</p> <p>3 Dr. Barot may be entitled to?</p> <p>4 MR. BLUTH: Object to the form. But you</p> <p>5 can answer if you understand the question.</p> <p>6 A. I don't recall that there was or was not any</p> <p>7 discussion about that prior to the meeting. I think at</p> <p>8 this meeting we were trying-- There was an honest</p> <p>9 attempt to act on Dr. Barot's behalf to present</p> <p>10 information fairly to the committee to see that he got</p> <p>11 his appropriate compensation. And that's how it was</p> <p>12 structured.</p> <p>13 BY MR. WEISBERG:</p> <p>14 Q. You were aware, were you not, that at the</p> <p>15 time of this committee meeting that Dr. Barot had put</p> <p>16 forward his belief that the 99144 and 99145 codes should</p> <p>17 be included in his calculation. Is that correct?</p> <p>18 A. I don't know that. I know that he had</p> <p>19 expressed that. But to the extent that he accepted or</p> <p>20 didn't accept the explanation and why they were not</p> <p>21 included, I don't know. So I don't know that he was</p> <p>22 requesting more than this.</p> <p>23 Q. Did you ask him?</p> <p>24 A. I did not.</p> <p>25 Q. Did you review the package that was going to</p>
<p style="text-align: right;">83</p> <p>1 were a lot of discussions about which RVUs should be</p> <p>2 included that were documented, and so this was the final</p> <p>3 outcome of those discussions.</p> <p>4 Q. And were those discussions held with</p> <p>5 Dr. Barot or his counsel?</p> <p>6 A. I believe that Mr. Turri discussed those with</p> <p>7 Dr. Barot. I did not.</p> <p>8 Q. And, again, just so I'm clear, you are not</p> <p>9 representing that Dr. Barot personally requested that</p> <p>10 amount of money, correct?</p> <p>11 A. To the best of my knowledge, no.</p> <p>12 Q. Was there any discussion in this particular</p> <p>13 compensation committee meeting regarding the -- I'll</p> <p>14 call it a dispute. You can characterize it however you</p> <p>15 want -- but regarding the -- whether the conscious</p> <p>16 sedation codes should be included or not included in</p> <p>17 Dr. Barot's calculations for compensation?</p> <p>18 A. I do not recall specifically. I would have</p> <p>19 to refer to this document. If you have any specific</p> <p>20 lines you'd like to refer me to, I'd be glad to look at</p> <p>21 it.</p> <p>22 Q. I do not. I guess that's why I was asking if</p> <p>23 you're aware of any.</p> <p>24 A. Not beyond this document.</p> <p>25 Q. Is there a reason that the compensation</p>	<p style="text-align: right;">85</p> <p>1 be presented to the compensation with Dr. Barot before</p> <p>2 you took it to the committee on his behalf?</p> <p>3 A. I did not.</p> <p>4 Q. Do you know if Mr. Turri went over the</p> <p>5 information that was going to be presented on</p> <p>6 Dr. Barot's behalf to the compensation committee?</p> <p>7 A. I can't speak for him.</p> <p>8 Q. Did you direct him to do so?</p> <p>9 A. Not that I recall.</p> <p>10 Q. Is there a reason why you wouldn't have gone</p> <p>11 over what you were presenting to the compensation</p> <p>12 committee with Dr. Barot if you were aware that there</p> <p>13 had been at least some dispute regarding how much he</p> <p>14 should be due?</p> <p>15 A. Could you rephrase that.</p> <p>16 Q. Yeah. Is there a specific reason that you</p> <p>17 would not have discussed with Dr. Barot or gone over</p> <p>18 this request that you were taking on his behalf to the</p> <p>19 compensation committee before you went when you were</p> <p>20 aware that there had been discussions and maybe some</p> <p>21 disagreement as to how the amount should be calculated?</p> <p>22 A. It's my understanding that Mr. Turri reviewed</p> <p>23 this with Dr. Barot, but I don't have the specifics on</p> <p>24 that.</p> <p>25 Q. Did Mr. Turri tell you he had discussed it</p>

Exam./Weisberg - William C. McCauley, M.D.

<p style="text-align: right;">86</p> <p>1 with Dr. Barot?</p> <p>2 A. I do not recall.</p> <p>3 Q. I'll represent to you that I don't see</p> <p>4 anything listed in the minutes, but was there any</p> <p>5 discussion of the implications potentially on awarding</p> <p>6 this compensation to Dr. Barot with respect to IRS</p> <p>7 regulations or anti-kickback statutes or Stark laws</p> <p>8 which we had discussed earlier?</p> <p>9 MR. BLUTH: Wait. Just for clarity,</p> <p>10 which compensation are you referencing in your question?</p> <p>11 MR. WEISBERG: I'm referencing the</p> <p>12 request for the \$160,560.</p> <p>13 A. I would represent the committee to my</p> <p>14 knowledge always has that in their sights and that's why</p> <p>15 this extensive documentation is performed before any</p> <p>16 additional award is made.</p> <p>17 BY MR. WEISBERG:</p> <p>18 Q. Outside of whatever is documented in writing,</p> <p>19 was there any discussion that you recall related to how</p> <p>20 any statutes from the IRS, anti-kickback, Stark laws may</p> <p>21 have been violated or not violated by awarding the extra</p> <p>22 \$160,000?</p> <p>23 MR. BLUTH: Objection. Could you repeat</p> <p>24 that question, please.</p> <p>25 (The court reporter read back the</p>	<p style="text-align: right;">88</p> <p>1 or Mr. Turri have requested that Dr. Barot's</p> <p>2 compensation be placed on the agenda for the</p> <p>3 compensation committee?</p> <p>4 A. One of us would have, yes.</p> <p>5 Q. And were there any meetings that were held</p> <p>6 between the time that you put in your request and the</p> <p>7 time that it was heard by the committee?</p> <p>8 A. Not that I recall.</p> <p>9 MR. BLUTH: Let's go off record for a</p> <p>10 minute.</p> <p>11 (Discussion held off the record)</p> <p>12 BY MR. WEISBERG:</p> <p>13 Q. Doctor, I want to show you a document which</p> <p>14 has been marked Barot 551 through Barot 553. There's a</p> <p>15 couple extraneous highlights and ink on it. I don't</p> <p>16 have a clean copy. But ignoring that, I want to ask you</p> <p>17 if you're familiar with that document which appears to</p> <p>18 be a letter.</p> <p>19 A. Yes, I've seen this.</p> <p>20 Q. And that would be a letter from Dr. Barot's</p> <p>21 attorney to Mr. Johnson with a 30-day notice of</p> <p>22 termination, correct?</p> <p>23 A. Yes.</p> <p>24 Q. And when did you first become aware of this</p> <p>25 letter?</p>
<p style="text-align: right;">87</p> <p>1 previous question.)</p> <p>2 MR. BLUTH: Do you understand the</p> <p>3 question?</p> <p>4 A. Um-hum. Not specifically, no. I mean, I</p> <p>5 think that again the committee is seeking documentation</p> <p>6 so that the -- whatever decision is made is based on</p> <p>7 defensible documentation for compensation.</p> <p>8 BY MR. WEISBERG:</p> <p>9 Q. And that documentation is what's reflected</p> <p>10 here in the minutes and anything accompanying the</p> <p>11 minutes?</p> <p>12 A. As far as I know, the minutes are the</p> <p>13 minutes. They speak for themselves.</p> <p>14 Q. On Page D-23 under Number 12 three lines from</p> <p>15 the bottom of that page there's a sentence that says,</p> <p>16 there are suspicions that Dr. Barot is considering</p> <p>17 relocating; however, we have no proof. Do you have any</p> <p>18 recollection of any further discussions beyond what was</p> <p>19 written there that happened in that meeting?</p> <p>20 A. No, sir.</p> <p>21 Q. Do you know what those suspicions were based</p> <p>22 on?</p> <p>23 A. No, I do not.</p> <p>24 Q. Do you recall if there were any compensation</p> <p>25 committee meetings-- Well, let me back up. Would you</p>	<p style="text-align: right;">89</p> <p>1 A. As best I recall contemporaneously.</p> <p>2 Q. Mr. Johnson advised you?</p> <p>3 A. Yes.</p> <p>4 Q. Did you read the letter at that time?</p> <p>5 A. Yes.</p> <p>6 Q. With regard to Paragraph 3 on the second</p> <p>7 page, it says, my client believes he was the victim of</p> <p>8 illegal discrimination while employed by Susquehanna</p> <p>9 Health Medical Group. During the time that Dr. Barot</p> <p>10 worked at Susquehanna Health, did he ever make any</p> <p>11 statements to you that he felt that he was being</p> <p>12 discriminated against in any way?</p> <p>13 A. No.</p> <p>14 Q. Dr. Barot in his deposition testified that in</p> <p>15 November of 2010 after he was removed from the medical</p> <p>16 directorship he had made a statement to you, quote, am I</p> <p>17 not pale enough. Do you recall did Dr. Barot make such</p> <p>18 a statement to you?</p> <p>19 A. I never heard that.</p> <p>20 Q. Did anyone else ever tell you that Dr. Barot</p> <p>21 made any comments or statements to them indicating that</p> <p>22 he felt he was being discriminated against?</p> <p>23 A. Never.</p> <p>24 Q. After you received -- not you received, after</p> <p>25 you received notice of the April 15th letter, did you</p>

Exam./Weisberg - William C. McCauley, M.D.

<p style="text-align: right;">90</p> <p>1 have any discussions with Dr. Barot regarding this</p> <p>2 renewed notice of termination?</p> <p>3 A. I do not recall, no. There may have been</p> <p>4 certainly internal discussions, but I do not recall any</p> <p>5 meetings with Dr. Barot.</p> <p>6 Q. You never had any discussions with Dr. Barot</p> <p>7 regarding his assertions that he thought he was the</p> <p>8 victim of illegal discrimination?</p> <p>9 A. No. This came as a complete surprise.</p> <p>10 Q. But after you got -- read this letter, you</p> <p>11 didn't have any discussions with him regarding his</p> <p>12 assertions?</p> <p>13 A. I did not.</p> <p>14 Q. Do you know if anyone else did in Susquehanna</p> <p>15 Health?</p> <p>16 A. I do not know.</p> <p>17 Q. I'm going to show you a document which has</p> <p>18 been marked Barot 172 to 174, and I'll represent to you</p> <p>19 that it's a letter dated April 21st, 2011 to Attorney</p> <p>20 Christian Lovecchio from Attorney Bluth. I just have</p> <p>21 one specific question. I'm not sure that you would have</p> <p>22 ever seen this letter before. My question is this, on</p> <p>23 the bottom of the second page of this letter which was</p> <p>24 written April 21st, 2011 it says, Dr. Barot has been</p> <p>25 indicating for some time that he intended to leave his</p>	<p style="text-align: right;">92</p> <p>1 Q. I'm going to show you a document which is</p> <p>2 marked D-225 through D-230 which appears to be an e-mail</p> <p>3 from Mr. Turri to you and a couple of other individuals</p> <p>4 dated May 9th, 2011 regarding an attached presentation</p> <p>5 for review. You can take time to look at that if you'd</p> <p>6 like. My first question is, do you have a recollection</p> <p>7 of receiving this e-mail?</p> <p>8 A. No. But I have no reason to doubt it.</p> <p>9 Q. And it references Barot physician comp</p> <p>10 exceptions May 12th, 2011. There was a second meeting</p> <p>11 of the compensation committee regarding Dr. Barot that</p> <p>12 you attended. Is that correct?</p> <p>13 A. Yes.</p> <p>14 Q. And how did it come about that you and-- I</p> <p>15 don't know that you attended that meeting. Do you</p> <p>16 recall if you attended that meeting? I'm looking at the</p> <p>17 minutes, and I can show them to you. Your name is not</p> <p>18 on them as being in attendance. Do you recall?</p> <p>19 A. At a compensation committee of May 2011?</p> <p>20 Q. Yes. Well, I'll just show you the minutes</p> <p>21 while you're looking at that. Well, I'll show you two</p> <p>22 things, D-249 through D-260. Oh, your name is on it.</p> <p>23 I'm sorry. It looks like you did attend. So here's the</p> <p>24 minutes.</p> <p>25 A. Yes, I see my name.</p>
<p style="text-align: right;">91</p> <p>1 employment at SHMG at some point and relocate his</p> <p>2 medical practice elsewhere. I know I've asked you in</p> <p>3 other contexts, but I just want to be clear that you had</p> <p>4 no knowledge of Dr. Barot indicating that he intended to</p> <p>5 leave his employment and relocate his medical practice</p> <p>6 at the time of April 21st, 2011.</p> <p>7 MR. BLUTH: Other than that he had</p> <p>8 resigned twice at that point.</p> <p>9 MR. WEISBERG: I'm sorry?</p> <p>10 MR. BLUTH: I said other than he had</p> <p>11 resigned twice at that point.</p> <p>12 A. I can answer. I mean, the only notice I had</p> <p>13 was his original letter from his attorney, his attorney</p> <p>14 letter.</p> <p>15 BY MR. WEISBERG:</p> <p>16 Q. And it says, relocate his medical practice</p> <p>17 elsewhere. Did you have any indication as far as him</p> <p>18 specifically relocating his medical practice other than</p> <p>19 the letters from his attorney?</p> <p>20 A. No.</p> <p>21 Q. And when it says for some time, again, that</p> <p>22 would in your mind from what you knew or what you had</p> <p>23 heard from anyone there was nothing before the first</p> <p>24 letter from his attorney?</p> <p>25 A. That's correct.</p>	<p style="text-align: right;">93</p> <p>1 Q. How did it come about that you and Mr. Turri</p> <p>2 attended the meeting on May 12th to discuss Dr. Barot a</p> <p>3 second time?</p> <p>4 A. I don't recall. I don't know if there's a</p> <p>5 statement in here as to why, but I don't recall.</p> <p>6 Q. Well, I mean, if you look at the minutes</p> <p>7 which is D-49 through 60, on the bottom of the first</p> <p>8 page it says, Dr. Barot is now asking for additional</p> <p>9 compensation due to credit he claims he should have</p> <p>10 received for moderate conscious sedation.</p> <p>11 A. Okay, I see that.</p> <p>12 Q. So would you agree with me that that appears</p> <p>13 to be the reason that the second meeting happened?</p> <p>14 A. Yes, that would appear to be the reason.</p> <p>15 Q. I guess my question that I was asking before</p> <p>16 to be more specific is, if that particular request</p> <p>17 wasn't brought to the committee back in March, how did</p> <p>18 it come to be that it was now being brought to the</p> <p>19 committee in May? In other words, why didn't you just</p> <p>20 take everything in March? Why are you going back?</p> <p>21 A. I don't recall. I think I stated earlier</p> <p>22 that we -- that Mr. Turri prepared documents based on</p> <p>23 the appropriate number of RVUs based on our calculations</p> <p>24 and that's what was taken to the committee the first</p> <p>25 time.</p>

Exam./Weisberg - William C. McCauley, M.D.

<p style="text-align: right;">94</p> <p>1 Q. And you don't have a recollection as to why 2 you went back to the committee the second time? I mean, 3 I know what it asks for as to the reason -- 4 A. None other than is stated that I think 5 apparently Dr. Barot felt there should be some 6 discussion at the committee level about the RVUs that we 7 as a medical group did not feel were included. 8 Q. Whose decision was it to go back to the 9 compensation committee the second time for Dr. Barot? 10 A. I do not recall. 11 Q. Did you review the presentation to the 12 committee and what was being requested with Dr. Barot 13 before you made the presentation? 14 A. That I don't recall. I can speculate, but I 15 do not know for sure. 16 Q. I don't want you to speculate. Do you know 17 if Mr. Turri ever went over the presentation with 18 Dr. Barot before it was presented? 19 A. I don't know specifically. I would say 20 typically Mr. Turri would do that. 21 Q. But you weren't present and you don't know 22 for sure? 23 A. I do not know for sure. 24 Q. With regard to the meeting on May 12th, it 25 appears from the notes that Mr. Turri made the</p>	<p style="text-align: right;">96</p> <p>1 arrived at? 2 A. I think based on the formula that's in his 3 contract. 4 Q. Do you know who did that-- Did you do that 5 calculation? 6 A. No. Mr. Turri would have done that. 7 Q. Do you know whether codes 99144 and 99145 8 were both included with values in this calculation? 9 A. I do not know. 10 Q. Do you know did you ever consult with 11 Dr. Barot to confirm that he agreed that those numbers 12 were accurate? 13 A. No. 14 Q. Do you know if Mr. Turri did? 15 A. I do not know. 16 Q. Do you know if anyone did? 17 A. I do not know. 18 Q. There are some attachments to the minutes 19 D-53 through D-60. Were those documents included in a 20 submission or package that was presented to the 21 compensation committee? 22 A. I do not recall. I don't know. 23 Q. When you make a presentation to the 24 compensation committee, are they given an advanced copy 25 of your presentation or any of the attachments?</p>
<p style="text-align: right;">95</p> <p>1 presentation. Do you have any other recollection than 2 that? 3 A. No. 4 Q. On the second page there's three bullet 5 points. 6 A. Yes. 7 Q. The second one was that the committee has 8 determined that Dr. Barot's total compensation would 9 exceed fair market value if additional compensations 10 were made. Beyond what's written there, was there 11 further conversation about why it would exceed fair 12 market value? 13 A. There was certainly conversation about the 14 decision made at the committee level. I do not recall 15 specific information other than what's stated here. 16 Q. Do you recall who would have discussed the 17 fair market value issues at the meeting other than what 18 may be here in writing? 19 A. No. 20 Q. On Page 52, this is the fourth page, D-52, 21 under letter G it says, if additional IVCS credit were 22 given to Dr. Barot for all procedures performed and it 23 says he would receive an additional incentive of 24 \$304,077. If you only credit the documented forms, it 25 would be \$210,428. Do you know how those numbers were</p>	<p style="text-align: right;">97</p> <p>1 A. On occasion. I would not say regularly, but 2 that certainly takes -- that happens, yes. 3 Q. Do you know if that happened in this case? 4 A. I do not know. 5 Q. How is the presentation-- Well, I'll ask 6 specifically with Dr. Barot's. Is a presentation done 7 just verbally? Is it done like on any type of overhead 8 PowerPoint or anything? Is it just read to the 9 committee? How is it presented? 10 A. Documents are given to the committee to -- so 11 they have written documents as well as a verbal 12 presentation. 13 Q. I know you can't commit to specific 14 documents, but would it be typical that documents such 15 as the ones in D-53 through D-60 are those the types of 16 documents that would be distributed to the committee to 17 review? 18 A. Not typically. I don't know-- You know, the 19 e-mails or e-mail from counsel would be presented, so 20 it's possible, but I don't know why it would be 21 necessarily. 22 Q. It's possible but you don't recall? 23 A. That's correct. 24 Q. I'm going to ask you to take a look at 25 documents D-5354. These aren't sequential, so I'll give</p>

1 them to you one by one. But I'll preface that by saying
2 that these are documents that were provided to us at
3 least represented to be from your files. And I'll
4 represent to you that they all appear at least to be
5 letters from patients or letters regarding patients
6 discussing Dr. Barot and his care, and they're blacked
7 out for confidentiality purposes. They were redacted
8 when they came to us. I just want to confirm whether
9 you can tell me that these are, in fact, documents that
10 were retrieved from your file from patients. I have
11 D-5354 and D-5355. I don't need to necessarily go into
12 any of the specifics. I'm just looking to confirm
13 whether they are what they appear to be.

14 A. As best I recall, yes.

15 Q. D-5559 appears to be a note from you to
16 Dr. Barot talking about an employee stopped by your
17 office to inform how pleased he was with the service
18 that Dr. Barot had provided. Is that an accurate
19 document from your file?

20 A. Yes.

21 Q. D-5564 and D-5565 also appears to be a
22 handwritten letter from a patient regarding Dr. Barot's
23 service. Would you agree with that?

24 A. Yes.

25 Q. D-5568 also appears to be a handwritten

Notes on March 12, 2010 meeting with Family Practice Residency program regarding Dr. Barot.

A meeting was held in the conference room at the Family Practice Residency program at the request of Dr. Ambrose, program director, to discuss Dr. Barot's case handling and timeliness of consultation letters.

The meeting was attended by Dr. David Ambrose, Dr. Timothy Heilmann, Dr. Bill Keenan, Jr., Dr. Sarah Kent, Dr. Brad Miller, Dr. Janice Schifferli, Dr. Jeffery Verzella, Barbara Hemmendinger, Elva Schmidt, RN, Bob Kane, VP Operations, and Dr. William McCauley. The meeting took place from 1:30 pm to 3 pm.

This was a highly unusual meeting in that I have not previously been requested by this group to meet with all of them because of concerns about one particular physician and his patient management. The group provided a list of Dr. Barot's cases for discussion. The physicians took turns presenting case summaries from the list for which the assessment of the group was that the care rendered was insufficient or inappropriate. In addition there was a GI referral follow-up list from the Family Practice Residency Center listing 37 cases in which an outpatient referral note was not received in a timely fashion or has never been received. Based on these problems, we concluded that Dr. Ambrose and I should meet with Dr. Barot personally, discuss the perceived inadequacies of his consultations and suggest specific methods to remedy these problems as well as communication issues. The meeting will be scheduled with Dr. Ambrose, Dr. Barot, and myself within the next few weeks.
